'Young Must Explain Personnel Actions'

Attorney General Orders Sheriff to Appear in SF

Sheriff Walter F. Young has been ordered to appear in San Francisco Monday to explain personnel actions he has taken in his office and to show reasons why he has failed to comply with the Contra Costa Grand Jury's recommendations, according to Charles O'Brien, chief assistant attorney general for criminal and law enforcement, attorney general's office.

O'Brien informed The Sun that Young had been commanded to appear under several sections of the government code which empower the attorney general to determine the adequacy of law enforcement in the state or counties of the state.

"WE ARE MOST interested in the recommendations of the county's grand jury and the reasons these recommendations have been so long in their implementation," O'Brien continued.

Present at the Monday meeting in the State Building, San Francisco, will be Clarence Linn, assistant attorney general, O'Brien and Young.

O'Brien commented Young might ask Undersheriff Harry Ramsay to come with him, but, O'Brien added, "only Young has been invited to appear."

EARLY THIS WEEK, Young transferred his former confidential secretary and chief of civic services Ruth Rathke to the radio dispatch section.

She appeared before the Contra Costa County Grand Jury during the height of the investigation into vice and gambling in the county and she was the person who went to the attorney general's office with reports of vice and gambling in the county.

COURTHOUSE observers, upon hearing of the move, cried "political reprisal."

Mrs. Rathke is still being paid $710 a month although she is making twice as much money a month as her fellow radio dispatchers.

Mrs. Rathke issued a "no comment" statement concerning her demotion by Young.

"Most of the information which had been turned over to us by informants has been substantiated," O'Brien continued, "and now we want to find out just what the sheriff of Contra Costa is doing about it."

O'BRIEN REFERRED on several occasions to the number of pinball machines in the county, over the counter payoffs and the general lack of law enforcement.

In brief, the grand jury, after hearing 30 hours of testimony, concluded:

"That gambling and prostitution have been existent within the county with the full knowledge of the sheriff."

"THAT IN RECENT months outside gambling interests have been attempting to expand their illegal operations within the county . . . even offering the district attorney a $150,000 bribe.

"That the sheriff's office . . . prevented effective law enforcement."

"That the sheriff's office rid itself of persons who have not done their duty."

"That there be cooperation between the district attorney and the sheriff."

"THAT THE SHERIFF'S office be reorganized."

"That appropriate disciplinary action be taken."

"That in cases of known and proven instances of gambling in premises which possess a state liquor licene, action be referred to the Alcoholic Beverage Control Board of punitive measures."

"THAT THE SHERIFF provide adequate vice control."

"Perhaps on Monday, we'll get some sensible answers from the sheriff on the grand jury's recommendations," O'Brien concluded.

Supervisors, DA Give Opinions on Pinball Ordinance

Mixed emotions were expressed concerning an anti-pinball ordinance by the county's supervisors and the district attorney. The sheriff was unavailable for comment on the subject.

The Sun asked the question: "Would you support a pinball ordinance?"

HERE ARE the answers:

Supervisor James Kenny, first district, Richmond:

"I'm new on the board and have not seen past anti-pinball ordinances. I will certainly study the matter. At present I'm against minors playing the machines and the multiple play ones I'm against, also. I'd just have to see an ordinance before I could say I'd support it.

Supervisor Mel F. Nielsen, second district, Lafayette, was in San Jose following Tuesday's Board meeting and will not return until tomorrow.

SUPERVISOR Thomas J. Coll, third district, Concord:

"I've been aware of pinball machines since I was on the city council in Concord. Concord has an ordinance, but I would first have to see what is being proposed before saying I would support it. I am not in favor of children playing pinball machines. This is one of the reasons which led to the Concord ordinance. I will have to do some research on multiple play and regular pinball machines and will make a decision on this important issue."

Chairman W. G. "Bud" Buchanan, fourth district, Pittsburg:

"Several years ago, the board tabled an anti-pinball ordinance because it just didn't seem to be the instrument to do the job for this county. As yet, the board has not been presented with a proposed ordinance and I certainly will give any proposal study and consideration. Let's take a look at what the sheriff and district attorney propose and then act on the merits of their proposals."

SUPERVISOR JOSEPH Silva, fifth district, Brentwood:

"Every type of coin operated machine is illegal in Brentwood and I am certainly against multiple play machines and pinball machines which are played by children. Pinball machines are a problem and I'd like to look at an ordinance banning them. Then we can decide whether we should adopt one for the county."

District Attorney John Nejedly:

"I'd certainly support any ordinance against pinball machines presented to me by the sheriff. I feel that pinballs are a law enforcement problem and this type of law enforcement ordinance should come from the sheriff. To this date, however, I've not been informed of what the sheriff proposes concerning pinball machines."

Sleepy Hollow Hearing Oct. 20

Proponents Set Public Meeting Wednesday Nite

By LARRY GLAZIER

The County Board of Supervisors has set 10 a.m. October 20 as the date for a public hearing on the proposed incorporation of Sleepy Hollow.

Supervisors considered the incorporation request at last Tuesday's meeting, after learning that proponents of the move had filed the necessary publication fee.

ALL PROTESTS and petitions for exclusion must be presented at the October 20 hearing, despite the fact that the board has the privilege of continuing the hearing.

Earlier, the board announced that incorporation petitions filed by the proponents three weeks ago qualified for an election by containing signatures of more than 25 per cent of the property owners in the proposed city.

In a surprise move, meanwhile, a Sleepy Hollow resident informed The Sun that there is a move under way to protest the incorporation.

THE WOMAN caller said a group will be holding a meeting prior to the hearing and, although she is unable to speak for other area residents, a number of exclusions are bound to be filed.

"It is uneconomical for a small area to incorporate," she said. "I would rather have all of Orinda incorporate, and there are others who feel the same as I do."

Fred Rust, spokesman for the proponents of incorporation, announced this week that an informational meeting definitely will be held at 8 p.m. Wednesday in the Sleepy Hollow School.

HE URGED all Sleepy Hollow residents to attend, and said all of the facts compiled by the incorporation committee will be presented for discussion.

The proposed city would include about 500 acres, 350 families and about 1,500 people.

Proponents have announced that incorporation is the only means by which to protect the area's tranquility and to preserve the stately Lombardy poplars which line both sides of Lombardy Lane, the only access road into and out of the exclusive neighborhood.

INCORPORATION first became an issue several months ago when the county's Orinda Master Plan proposed the extension and widening of Lombardy and Washington lanes to through traffic.

Proponents maintained the widening of the main road would require the tearing out of the poplar trees, thus destroying some of the area's beauty, and through traffic would destroy the neighborhood's intended atmosphere.

Then too, the committee pointed out, the East Bay Municipal Utility District recently sold a large portion of land to the northeast of Sleepy Hollow, and the new owners intend to locate a country club and residential development there.

Through incorporation, the proponents maintain, Sleepy Hollow could preserve the status quo, and they promise only minimum services would be offered by the city.

Rumor: Recall Movement Aimed at Sheriff Young

Rumors spread throughout Contra Costa County that a recall movement aimed at Sheriff Walter F. Young is underway.

At least a half dozen varying reports were received by The Sun from Monday through yesterday and court house observers predicted a full scale petition campaign would get underway within the next few days.

ACCORDING TO James Olsson, elections chief for the county, it takes 12 per cent of the total vote cast in the previous election to get a recall on the ballot.

In November, 1958, there were approximately 65,886 votes cast for ex-sheriff Harry Brown and 67,599 for Walter F. Young.

This is 133,485 ballots cast in all and it would take some 11,124 qualified signatures to get the recall movement underway, Olsson commented.

This would not be the only recall movement in the county's history. Some years ago a recall movement was aimed at one-time Supervisor Jack Cummings. This recall never really got underway, however, and failed.

THREE RECENT recalls which have been successful have been the San Pablo Sanitary district recall which threw four out of office, the Mt. View recall where another board member was bounced and the Pittsburg Hospital recall which saw two of four recalled members thrown out of office.

A person must be in office for six months before he can be recalled, Olsson added. Young qualifies inasmuch as he was in office six months July 1.

TORRENTIAL RAINS last Friday brought this scene to the intersection of Spring and Barbara Roads in the Oak Springs area as a sea of mud, water and rocks flowed down from a road under construction into the residential area and onto some residential properties. From left to right are Allen Winsor, assistant Orinda fire chief; Curran Coe, Jr., a Barbara Road resident; and Danny Gass of the county public works department, who called the situation one of the worst he has seen.

Record Rainfall Brings Mud Onto Home Property

Property owners in the Oak Springs area and developers of a subdivision which would be adjacent to the area are cooperating in an attempt to alleviate what could have become a dangerous situation.

The problem arose last Friday, when nearly four inches of rain were dumped on Orinda, dislodging portions of hill which had been cut through for road construction in the proposed subdivision.

JACK KIERNAN, subdivider for Orinda Crest Manor and father-in-law of the property owner, James W. Brown, said the rains caught him unprepared, and he is in the process of putting catch basins in the road to permanently stop future drainage problems.

Major issue at stake as a result of the record rainfall which hit the area was the fact that about seven inches of mud swept onto the patio of A. W. Peterson, 6 Sadrine Court, and mud also threatened other homes in the area.

The mud slid about a quarter of a mile down the hill onto the back of Sadrine Court about 10 a.m. last Friday, and more rain than fell could have brought additional mud into the area.

HOMEOWNERS in the Oak Springs area met early Saturday morning in the Oak Springs clubhouse to discuss the matter and retained an attorney, Donald W. Curran of Oakland.

Curran, who said yesterday that his clients and Kiernan were cooperating to set up some type of adequate drainage system, pointed out that the homeowners merely want "peaceful enjoyment of their properties."

He indicated no legal action is anticipated, and the only thing he is seeking is to enjoin the further movement of earth in the area until the drainage problem is taken care of.

THE PROPERTY, to be known as Orinda Crest Manor, includes 17 acres purchased from Nathan Gray about a year and a half ago.

It was the subject of controversy before the planning commission last spring, when Kiernan requested rezoning from R-20 (half-acre) to R-15 (third-acre) lots, and the Oak Springs Improvement Association opposed the rezoning.

Planners aproved Kiernan's request, and the subdivision map was approved by the commission Tuesday night.

KIERNAN PLANS to construct about 35 homes in the area, and he said the prices will begin at $32,500.

Shortly after purchasing the land, he began earth movement to extend a road through the hill at the end of Sadrine Court.

Originally, the East Bay Municipal Utility District planned to build the road through the hill to reach a proposed water tank, but this did not materialize, Kiernan said, and now the road is owned jointly by Brown and EBMUD.

State to Check Sore Mouths Among Children

State health authorities will soon visit Contra Costa County to investigate an inflamation of the mouth which has been troubling an increasing number of school children.

Dr. John Baier of the County Health Department, said tests will be conducted for the presence of "viral stomatitis."

Usually symptoms are mouth inflamation, small blisters on the tongue, a "low grade" fever, and sometimes small blisters on the hands or feet.

Dr. Baier said, "This has been definitely established as a virus. The state people will be looking for fresh cases, and will try to better classity the illness."

Thus far, the schools' absentee rates have not been markedly affected, as was the case last year with the prevalence of sore throats.

At that time, county physicians visited the schools and took throat cultures for study.

For the adults, doctors in the area report a slight increase in headache and fever symptoms, which may be typical for September.

Some adults have succumbed for nearly a week, but for most others it was a matter of shaking off the symptoms or resting for a day or two.

New Program Planned for Science Pupils

The Orinda Science Seminar will offer to outstanding Miramonte High science students the opportunity to study under scientists and engineers from Orinda and area communities, according to Mrs. H. P. Nilmeier of Orinda.

The committee for the Orinda Science Seminar became interested in such a program after hearing Jacob Shapiro of the Joseph Berg Foundation, she said.

The only cost to the local taxpayer is for the use of a room in Miramonte one night a week and a payment of $1 yearly to the volunteering scientists and engineers, she said.

AN ARTICLE in the August 1958 Readers' Digest entitled "Opportunity for the Brilliant Science Student" by Albert Q. Maisel as condensed from Parents' Magazine interested Mrs. Richard Leland, mother of two Miramonte students in the program.

Working with Mrs. Leland are Robert Campbell, chairman of the science department of Miramonte, W. R. Haefele, M. W. Loveland, R. F. Grah, Mrs. Charles Eaton, Mrs. Chilton and Mrs. H. P. Nilmeier.

James Lewis, principal of Miramonte, Neil Parsons, superintendent of the Acalanes School District and the school board of Acalanes School District have given their approval, she said.

The students are chosen according to their academic achievement, interest in science and on the basis of scores on a standardized science test.

THE STUDENT and volunteer scientists meet one night a week. Everyone stays together for the first half of the program to hear a scientist lecture on his field or specialty.

The second half of the program, the students meet in small groups with another scientist for discussion and to work on special experiments and projects.

The committee is now searching for scientists and engineers to volunteer, either as lecturers, group leaders for the discussion groups or as resource persons to work with individual students.

Persons interested may contact Mrs. Leland, 15 St. James Court, Orinda.

An identical program, called the Palo Alto Community Science Seminar, is now in its second successful year of operation in Palo Alto.

Confused About Publicity? You'll Find Answers Oct. 20

Do you find that your new task as publicity chairman of your organization has you completely terrified?

Have you questions as to why some of your publicity releases have been cut in size from three paragraphs to one paragraph?

HAVE YOU EVER considered the problems of public relations as they relate to your group?

Would you be interested in sharing your views on publicity and public relations with others who have similar problems and ideas, and with professionals in the field?

If the answer to any of these questions is affirmative, then you will want to come to the Publicity and Public Relations Workshop being held by The Sun at Acalanes High School October 20 at 8 p.m. in the cafeteria.

The purpose of the workshop is to help iron out any difficulties publicity chairmen and presidents of organizations may have regarding publicity and public relations.

BRIEF OUTLINES will be furnished all attending showing the proper presentation of copy, some general hints on style and preparation of material, and above all, how to get your material presented in the way you want it, when you want it.

"We fully realize the difficult task that faces most publicity chairmen and most organizations who depend on mass media such as newspapers to acquaint the public with their functions," commented Sun Publisher Herman Silverman.

"With this in mind we have planned this meeting to see if members of our staff can't share some of their know-how with those who face the task of preparing material during the coming year.

In this way we hope to make your job easier, and possibly make yours a pleasant experience instead of just 'another nasty job'."

THE PROGRAM will be informal in nature, with the emphasis on clearing up common misunderstandings regarding the submission of copy to newspapers and other media.

The workshop will deal with questions such as these:

"Why doesn't my material get in the newspaper?"

"Why did you cut my story in half"

"Our group has 320 members and you only carried an inch about our party next month But you carried a half column on that other group's dinner, and they are only half our size!"

"Why can't you run another picture for us? This is a big event!"

AND WE'LL BET you have a lot of other questions, too There will be real live editors and reporters on hand to share their fascinating experiences with you, and you are invited to bring your problems and complaints.

86 Per Cent Of Grads OK

In a report on school activities at Miramonte High, Principal James Lewis today announced that 86 per cent of the 1959 graduating class has been accepted by colleges and universities in California and elsewhere in the nation.

The breakdown: 57.5 per cent in four-year colleges and universities and 28.5 per cent in two-year, or junior colleges. The over-all average for students entering college from California high schools is 12.5 per cent.

IN OTHER activities, Lewis reported that the Orinda Science Program is getting well under way; the program is designed to give advanced instruction to a select group of students.

Exchange Student Wins Net Title At Orinda Club

Charles Trippe, recently-arrived foreign exchange student from England, is continuing to bring honor to his adopted Lafayette "family," the Miller Freeman Jrs., of 4067 Happy Valley Road.

The 17-year-old, a tennis perfectionist who hails from Southampton, England, won the men's senior singles tennis championship at the Orinda Country Club last Sunday.

EARLIER, CHARLES reached the finals in the club's doubles championship. He also gained a berth in the Wimbledon Junior Tournament in England some time ago.

Newcomers Are Seeking Newcomers

The Orinda Newcomers Club began their third year on September 16 with a meeting at the home of Mrs. Haydon Miller on Crown Court.

Mrs. Joseph Goodman from Margaret Joseph's Women's Shop, Orinda, presented fall fashions, modeled by Mrs. Jean Rickets.

Welcomed into the Newcomers Club were Mesdames John Payne, Walter Treanor, W. G. Windle, John Werner, James Breedlove, Albert Copp, Frank Trau.

The club's new year book, compiled by Mrs. Marvin Yost, were

Rory Cory Back From OSC Course

Rory Cory, Acalanes High School junior, son of Mr. and Mrs. J. T. Cory of 3936 South Peardale Drive, returned to school this fall following attendance at a summer science and engineering institute at Oregon State College.

Rory attended under the sponsorship of the Lafayette Rotary.

The summer study session, officially known as JESSI (Junior Engineer and Science Summer Institute)) featured outstanding educators and speakers from the science and engineering field who gave selected students attending the session an insight into the types of careers open for consideration by "able, interested" students in high school who contemplate professional preparation later in college.

Forrest Renfro Passes Away

Forrest Renfro, 61, of 37 Valley Drive, Orinda, died Tuesday in San Francisco. Burial will be in the Glen Abbey Memorial Park, San Dieo.

Born in Texas, he was a member of Scottish Rites Bodies, Guthrie, Okla., was the husband of Letha Renfro, father of Mrs. Mignonne Edwards, living in Europe.

Arrangements are by the Berkeley Chapel of Flowers.

He lived in California for 15 years.

"THANKS A LOT," says the silent expression on the face of Danny Isola, eight-year-old son of an Orinda postman, as he arrived at San Francisco International Airport last Sunday afternoon. Danny underwent delicate heart surgery ago earlier this month, through the auspices of nearly $10,000 raised by a "Dollars for Danny" drive in the Orinda area. Wee Danny as she hands him a bouquet of flowers is Susan Engman, daughter of Mrs. Billie Engman, who headed the drive. Danny is recovering rapidly from the heart operation, and is expected to be up and around in fine shape in about a month.

Isolas Express Thanks For Danny's Operation

THANK YOU!!
That was the only statement Orinda mailman Larry Isola could muster last Sunday when he and his family returned home from Chicago, where his eight-year-old son, Danny, recently underwent major heart surgery.

Isola and his wife, Peggy, expressed their gratitude to all Bay Area residents who contributed to the "Dollars for Danny" drive earlier this year.

THE DRIVE WAS started by some women along his Orinda mail route, and was headed by Mrs. Harold Engman. It had as its original goal $3,000, but the total figure came close to $10,000.

Out of this money came funds for Danny's badly needed operation, performed early this month at Chicago's Children's Hospital, transportation for the Isolas to and from Chicago, their expenses while away and incidental costs attached to the operation.

Danny, a blue baby since birth, had transposed blood vessels leading to and from his heart, and until the operation was perfected three years ago, the condition was fatal.

The boy has returned to his Concord home now, where he is recuperating rapidly, and it is expected he will return to school in about a month.

LEGAL NOTICE

NOTICE OF HEARING ON PROPOSED DISSOLUTION OF ORINDA COUNTY WATER DISTRICT.

Before the Board of Supervisors of the County of Contra Costa, State of California.

In the Matter of Setting Time and Place of Hearing on Proposed Dissolution of ORINDA COUNTY WATER DISTRICT and Directing Giving of Notice Thereof.

RESOLUTION

WHEREAS, there was filed with this Board on the 18th day of September, 1959, a resolution and petition of the Board of Directors of the Orinda County Water District which sets forth the matters required by Sections 32951, et seq. of the Water Code of the State of California and requesting that this Board, pursuant to the provisions of Section 32952 of the Water Code and Section 6066 of the Government Code, set a time and place for public hearing upon this resolution and direct the giving of notice of said time and place of such hearing in the manner required by law, and good cause appearing therefor,

NOW, THEREFORE, BE IT RESOLVED that Tuesday, the 13th day of October, 1959, at 10:00 o'clock a.m. in the Chambers of the Board of Supervisors, Hall of Records, Main and Court Streets, Martinez, California, be and they are hereby fixed as the time and place for hearing on the proposed dissolution.

The Clerk is directed to give notice of said hearing by publication of a copy of this resolution once a week for two successive weeks in the "ORINDA SUN", a newspaper circulated within the said Water District which this Board determines most likely to give notice to the residents and taxpayers thereof of said time and place of hearing.

The foregoing resolution was made on the motion of Supervisor Nielsen, seconded by Supervisor Kenny, and adopted by the following vote of the Board:

AYES: Supervisors—JAMES P. KENNY, MEL F. NIELSEN, THOMAS JOHN COLL, W. G. BUCHANAN, JOSEPH S. SILVA.
NOES: Supervisors—NONE.
ABSENT: Supervisors—NONE.

I HEREBY CERTIFY that the foregoing resolution was duly and regularly passed and adopted by the Board of Supervisors of the County of Contra Costa at a regular meeting held on the 22nd day of September, 1959.

W. T. PAASCH
County Clerk and ex-officio Clerk of the Board of Supervisors of Contra Costa County, California.

Bifocals' Owner Located Through Feature Article

W. B. Dunshee, 38 Ardella Road, is a happy man again, thanks to a short feature article which appeared in The Sun nearly two months ago.

Dunshee learned from a neighbor that the newspaper had carried the tale of a pair of bifocals which were found at the 45-foot depth of Pinecrest Lake in the Sierra by a skindiver.

Last Saturday, the Orinda man telephoned the skindiver, Oris A. Olsen of Niles, and identified the glasses. Olsen delivered them to Dunshee Tuesday.

At the end of July, shortly after he found the bifocals while scouring the lake bottom for an outboard motor, Olsen reported to The Sun that one of the workers at the lake told him some residents of the Lafayette area had been looking for a pair of glasses for some time.

Olsen figured the best way to reach the entire area would be to publish a piece in the newspaper, and the feature story resulted.

Apparently, Dunshee had been away for some time, and learned of Olsen's find when he returned.

Suburbia Scribblings

By MARIE MONAHAN

The Chicago World's Fair had their Egypt — but Lombardy Branch came up w/a bit of competition when they brought forth "Little Sheba" for the show-part of "An Arabian Night" held Sat. night at the Orinda Country Club.

Because of the saturated utrf, which is like walking on marshmallows even in **DRY** weather, Party Chairman Mildred Laws & her committee had to do some quick Black Magic when the traditional Steak Barbecue & Dance was moved from the outdoors **IN.**

Instead of the usual game booths, a dancer by name of Sheba performed at intervals during the evening — at times remindful of a Geisha Girl, dancing w/silk lanterns & a bamboo pole, at times like Salome, w/her seven veils . . . at other times, like the lady w/the initials **GRL.**

The party themed "An Arabian Night" (originally a huge tent had been planned for outdoors) was limited in decor to husbands & members who wrapped their heads in burnooses & braid — & a few exotic posters pasted on the walls.

THERE really wasn't anything very Arabian about the party, but it sure was a lot of fun.

FOYER FUN on the magic carpet . . . Bea Comerford & Joan Kendall greeting arrivals . . . Dick Kendall, a sheik in wool clothing & sporting a head done up in a pristine white pillow case.

ANOTHER CHIC Sheik was "Scat" Laws aiding & abetting his chairman wife. Scat looked like Valentino minus the eyeshadow & chided about the antique tablecloth he was wearing, said it was a real **ARA**bian import. Mildred's summery frock, a white shirtwaist w/the bodice of appliqued fieldflowers, managed to look cool & calm despite her constant duties.

Coming in from pre-prandial potables at the Gene Snovers were Cliff & Marge Willner, Al & Em Medina, the latter lady's costume suit of black velvet w/braid trim.

A Thousand & One Nights . . .

The Bill Gannons & the Spencer Kendalls hailing friends . . . a silk crochet frock for Betty Pilgrim there w/Moore. The Matt Hammonds, Dorothy & Bob Parnham . . . the Ned de Laveagas locating their table. The Joseph Pardinis a foursome w/the George Andersons, the T. C. Callams, the Jim Irwins in the line-up for the first serving of dinner.

Dinner was served in two shifts & because the crowd was large & the outside accommodates more than the inside, people took turns at the tables & chairs, kind of a musical chairs game, dancing & then sitting down to eat.

IN THE CROWD . . . The Milton Vallenses, Helen telling about their Catalina Holiday this summer w/their 2 sons . . . Virginia McCann introducing her new neighbors, Rob & Marge Erhardt, recently moved here from Oakland.

The Nels Hambergs & the Miles Sutliffes enjoying a Cha-Cha-Cha. Joe Downs whirling his partner . . . The Art Lundblads, John McFarlands, George Merriams.

Going downstairs for the show . . . Bud & June Kocher who are in their new home on Van Tassel Lane next to the Merriams . . . Marge & Dick Jeppson, her bouffants blue brocade w/its own stole, **THEY** w/Molly & John Sullivan. The Harry Pecks w/the Bill & Jewel Witter.

The red-coated music men of Paul Faria's band breaking into "The Sheik of Araby" . . . The Dale McBanes w/the Jack Reisers. Dale being back-slapped for his second-yr. win in the recent club golf tourney, both he & Jim Frost two-time winners . . . The Bill Seiferts, Dee in black & white . . . A bold floral print on white for Nan McEligot . . . Blonde Margo Love's black sheath w/a wide white & pink pleated cowl-collar . . . Arline Coburn w/the new look of Fall, fur collaring her low-backed wool frock.

GENIES Jottings . . . Laurie & Ed Patterson coming from the Orinda Woman's Club party at the Vernon Lorches . . . Laurie & Ernie Abbes, her blue & white frosted frock w/eyelet & embroidery trim . . . A rhinestone collar neckline on Hazel Wilcox' black dress, shimmery dangly earrings to match . . . She & Tom w/Margaret & Joseph Goodman, the junior Les Hinks.

A coral frock for Fran Seaman, baubles, bangles & beads to match . . . Ted Snyder holding court, Mary Lou & Lee Paul chatting w/the Bill McGuires . . . The party still going strong toward 2 at this benefit for Children's Hospital which, whatever it lacked in Arabian atmosphere, made up for it in the sparkly spirit of the partygoers. And Sheba!

One Foot in Heaven

THE JET SET . . . Dick Jeppson jetted to Germany last Monday on biz for his Walnut Creek plant . . . Ida & Jack Pedder flew that fast to NY, then on to London for a month. Mrs. Robert Bridges, mother of the Best Man-to-be at the Mark-Platt nuptials in Oct., honored the Bride-elect w/a beautiful big shower one night & took off the next morning w/her hubby on a jetship-trip to NY, thence to Europe.

Joanne & Robert Brunson's houseguests (& it had to rain!) were Architect Robert Kite & his family from Bev. Hills . . . **UP IN THE AIR** are those bluebirds, Phyll Hartanov & Barbara Lincoln who are taking up flying in a serious way like so many other air-minded fair-minded ones . . . The Alan McDowells will be missed at the Jr. Alliance "Clown Parade" at Diablo tomorrow night. They're in Las Vegas for 2 wks.

THANK HEAVEN for Little Girls . . . that's what Nancy & Paul Mouser are saying since the recent birth of their fourth child, FIRST daughter!

There's a new little Bundle from Heaven labeled Boy — Kent Darrell — at the Jess Longs.

The Vern Louises are off on a holiday — to attend the Calif. Grocer's Convention at Coronado, then flying to Idaho where they'll emplane again to their rendezvous w/a guide who'll take them down the Salmon River & the River of No Return (heavens!). Fishing & Riding the Rapids is the way they relax!

LOST & FOUND . . . Dr. Leland Nelson, new local Dentist, loaned his 10-gal. hat to a gal-guest at the Pandora Roundup party, but the party's over now & no girl w/**NO** Hat! If you've seen the hat or have it & **WONDER** where it came from, call Leland or his wife Lois at their Donald Dr. home.

Acalanes Paper Earns Top Prize For Achievement

An "International First Place Award—Newspaper of Superior Achievement," has been presented editors of the Acalanes High School newspaper "The Blueprint," for their 1958-59 school year issues.

Receipt of the "International First Place Award" marks the eighth straight year Acalanes editors have been named for the top rating given by International Quill and Scroll, journalism honor society.

CHARLES COUCH and George Hunt served as co-editors of the Lafayette high school publication for the time period covered by the award.

Other members of the staff include: Robin Kingsley, business manager; George McMeans, sports editor; Bruce Wiseman and Bert Tycer, advertising managers; Prudy Myers, feature editor; Bob Stege, Jack Hovey and Bob Scott, photographers.

The award winning Acalanes "Blueprint" is a four to eight page tabloid newspaper published every third week of school.

LAST YEAR "Blueprint" students also edited a semesterly literary magazine "The Don" and produced a 45 rpm recording of the main activities of the student body for the school year.

Henry Weiss is faculty advisor.

Baldwin to Speak At Co-op Center

John L. Baldwin (R), member of Congress from the Sixth District will make an informal report to his constituents in the upstairs meeting room at the Co-op Center, Geary Road at North Main Street, Walnut Creek.

The meeting is sponsored by the Co-op's Community Relations Committee and will be Thursday at 8 p.m. Dr. John Wellmuth, committee member and professor of philosophy at St. Mary's College will be chairman.

The public is invited to attend.

Adjusters Hear Five Area Pleas

Two variance requests from Pleasant Hill and three from Walnut Creek area were granted by the County Board of Adjustment.

Decision on a Walnut Creek request was put over until after a field trip inspection of the site.

Receiving approval were Russell P. Heffner for a four-foot sideyard for a carport on Masefield Drive, and William George Vroman for a four-foot sideyard for a carport on the east side of Pleasant Hill Road north of Diablo View Road, both in Pleasant Hill.

Also okayed were requests of Kenneth J. Mork to divide a 35,000 square foot lot on the west side of Alice Avenue south of Rudgear Road, Walnut Creek area, into two lots of less than a half acre each; and of the Ruth Hicks Investment Corporation, to divide a parcel on Steward Avenue south of Rudgear Road, Walnut Creek, into two lots with average width of less than 100 feet minimum each. Both properties are in half acre lot zones.

The board granted L. L. Freret a permit for a 10-foot sideyard for a carport on Glen Court, Saranap.

The applicant had withdrawn his request for a 13 foot, six inch setback.

Hearing was closed on Irvin Askine's application for permission to divide a parcel into two lots of less than 80 feet average width each on Sunnyvale Avenue west of North Main Street, Walnut Creek area. Decision was deferred until after a field trip visit.

THE REPUBLICAN Women's Club of Orinda will hold a dessert card party in nine Orinda homes the afternoon of October 8, and Congressman John Baldwin will visit each of the homes during the event. Dramateurs Score Hit With 'Winslow Boy' Play

By LARRY GLAZIER

Central county residents have only this weekend and next if they plan to see the Dramateurs' latest hit, "The Winslow Boy," which will be shown four more times — tonight, tomorrow night and next Friday and Saturday nights.

Director Carl Rasmussen and his assistants, Dorris Stillson, Wirtabel Harris and Mary Genesy, have come up with another near perfect production in their showing of Terrence Rattigan's drama, which takes place in Kensington, England, during the two years preceding World War I.

AS USUAL, the costuming and continuity of action of the Dramateurs' production is of professional calibre.

The play revolves around a boy (portrayed by Dick Bohr) who has been expelled from a private school for allegdly stealing a postal order.

In the well-known drama, the boy's father (James Stanislawsky), spends almost all of his available funds by dragging the case through the courts for two years, in his attempt to clear his son's name and to uphold the family's honor.

ONLY TWO VERY minor items neither of which could be helped by the Dramateurs, leave any room at all for criticism.

First of all, when young Bohr was selected for the part some months ago, he apeared — in stature and personality — just as a "Winslow Boy" should.

But, thanks to our ever continuing process of growth, especially at the teenage level, the player of the title role grew in the meantime to a height not in keeping with the play.

Secondly, the lack of a realistic English accent is apparent, but not damaging. Very rarely in community groups is it likely that the actors will come up with exactly the accent which is needed.

STELLAR PERFORMANCES are given by Bohr, Stanislawsky, Helen Blankenburg, Oreallia Salonen, Julia Whitcombe, Jewel Scheeline, Bruce Winkworth, Robert O'Connor, Paul Stillson, Robert Burkhart and Dominic Scortt.

All in all, the local "Winslow Boy" production is very enjoyable, and persons interested in the theatre — and those who aren't — might find some time to see one of the remaining performances.

Reservations are available in Berkeley at Hink's Book Department, Peg Stanislawsky, TH 5-1100; in Orinda, Clarence Betz, CL 4-4141; In Lafayette, Campana Music; and in Walnut Creek, Ben's 7 Arts Book Store, YE 5-3384.

WHO IS THIS Lucky Commuter? Whoever he is, he has $8.75 in prizes waiting for him at The Sun. A $5 check and a year's subscription to The Sun, valued at $3.75, will be presented to him if he drops into any The Sun's business offices and identifies himself. —Sun photo by Dave Ogden.

Elston Saw Elston Came Elston Got

R. H. Elston, 13 Camelford Court, Moraga, has $8.75 in prizes since he picked up a copy of The Sun.

Elston was last week's Sun Lucky Commuter and was presented a $5 check by The Sun and his subscription to The Sun was extended for one more year. That in itself is another $3.75.

Each week, a picture of some commuter in the central county is printed in The Sun and this lucky person is given a $5 check and a subscription to The Sun.

It's easy and it's fun to watch for the Lucky Commuter—who knows—this week it may be YOU.

Two Phases of Hospital Drive Are Postponed

In the best interests of both campaigns, John Muir Memorial Hospital's business and commerce solicitation for building funds is being deferred until after October 25, to avoid conflict with the United Crusade drive.

This announcement came from Edmund S. Barnett, building fund drive general chairman.

"The United Crusade's annual dates are set in advance for once-a-year giving, while John Muir Memorial Hospital's building fund solicitation is a once-in-a-lifetime appeal. We have decided to defer this part of our drive in the interests of mutual cooperation," Barnett said.

Business and commerce division chairmen are Alonzo W. "Andy" Anderson, heading solicitation of firms with over 10 employees, and Gordon McNulty and Pat Paddock of Walnut Creek, Tom Duffy of Lafayette, and Lawrence Ferrero of Alamo, who are in charge of soliciting firms of 10 or fewer employes in their areas.

Additional area chairmen are being named.

Solicitation in advance gifts, medical - dental, membership, clubs and organization, industrial, and public employees divisions will continue.

Early Return of Therapy Center Appeals Is Asked

Early return of Mt. Diablo Therapy Center appeals mailed earlier this month to 60,000 Contra Costa residents, was urged today by John E. McKirahan, president and head of the center's 1959-60 membership drive.

"Your non-profit Contra Costa community-supported rehabilitation center needs your help," McKirahan stated, pointing out that though response so far has been heartwarming, demands on the center have grown enormously and funds are urgently needed to meet current expenses.

"A Mt. Diablo membership carries with it knowledge that you are helping your less fortunate neighbors in their fight for physical rehabilitation and, in countless cases, to regain the dignity of self support," McKirahan said. So far almost 3000 physically handicapped people have been helped at Mt. Diablo.

Any resident outpatient with a physician's prescription is welcomed at the center and pays only if financially able. Rehabilitation is provided by full-time, registered and certified therapists. A manual shop encouraged by local industry has gained recognition far beyond our county and state.

'We are asking Contra Costa County residents to join us in working for the center by returning the self-addressed membership mailers now, along with a geenrous contribution," McKirahan said. If your mailer has been mislaid, the address is: Mt. Diablo Therapy Center, 100 Golf Club Road, Pleasant Hill, Calif.

Welfare Council Seeks Members

The Community Welfare Council of East and Central Contra Costa County is seeking to add to its present list of 28 local organizations participating.

Mrs. Harmon Howard, council first vice president, said other groups may send representatives to monthly meetings.

She said, "There they can trade ideas, discuss problems and adjust their activities so as many areas of welfare are covered as possible without duplication or waste of effort.

The council was formed three years ago, and has the services of Louis Ruybalid, Denver University social work graduate, a full-time director.

"We are trying to create a climate where our citizens can think broadly in the direction of health, welfare, and recreation in our community," Mrs. Howard said.

The council is divided into three sections with delegates attending the meeting in their category—family and child welfare, group work and recreation, and health.

Concert Guild Starts Ticket Campaign Here

Fresh from a minor controversy regarding the selection of a site for the coming season's presentations, the Contra Costa Concert Guild has launched a membership drive aimed at securing 2,500 paid subscribers.

The guild will open its sixth season December 12 with a presentation of Tschaikowsky's complete "Nutcracker" by the San Francisco Ballet and a full orchestra.

ACCORDING TO Mrs. William Page, president and a founder of the guild, all performances this season will be staged at the new Creative Arts Theatre in Pittsburg, where officials agreed to offer the building to the guild free of charge.

Because in its first five years the guild rented an Antioch theatre, persons in Antioch felt the series should be continued there.

But, Mrs. Page said, Antioch High School District trustees tagged a $75 per performance rental on the newly completed Antioch High School Auditorium.

SHE REPORTED that some Antiochans complained that Pittsburg had offered the theatre at no cost, and the matter was taken to District Attorney John Nejedly and Attorney General Stanley Mosk.

In a recent communication to the district attorney, Mosk ruled: "The guild, we believe, would qualify as a charitable organization. It is non-profit. Its purposes are to insure a definite program to make available to the community fine concert music and at a cost substantially lower than would generally be possible."

MOSK DREW on a ruling in an old Massachusetts case, in which the court stated that charitable organizations can have "wider signification than merely almsgiving, that which embraces the improvement and promotion of the happiness of man."

Other preformances scheduled this year are: January 9, "Don Pasquale" by the Opera Stage of San Francisco; February 27, The Griller String Quartet of San Francisco; March 21, The Actor's Workshop in a play to be announced; and May 28, a San Francisco Symphony Youth Concert at 2 p.m., and the San Francisco Symphony, featuring Beethoven's Ninth Symphony with Dorothy Warrenskjold, at 8:30 p.m.

Locally, tickets may be obtained from: In Pleasant Hill, Mrs. Myron Pollycove, YE 4-5232; in Walnut Creek, Mrs. N. R. Legge, YE 5-4778; and in Lafayette, Mrs. Walter Ury, AT 4-4231.

County Gas War Continues; Low Is 25.9c

Contra Costa's Gas War entered its "Nth" week and still no break seems in the offing.

Several operators reported prices would slip again over the weekend when Sunday drivers would "hit" the road.

Prices in Pleasant Hill were 25.9 for regular and 29.9 for premium brands at cut rate stations.

In Walnut Creek, prices dropped to approximately the Pleasant Hill rates and major brands were selling for 27.9 for regular and 31.9 for premium.

In Lafayette, the prices dropped to the Pleasant Hill lows for cut rate and major prices were about the same. Orinda did not feel the war this week as much as the three other central county communities.

Oakland prices were 24.9 for regular at cut rate stations which indicated the war, according to operators, would keep right on going.

Not one motorist, however, was heard complaining.

Turn Back the Hands of Time Sunday Morning at 2 (or Is It 1 or 3)

Well, it's that time of the year again to turn back the hands of time (Say, Bill, do we turn the hands back or up?).

Well, anyway it's that time of year when daylight saving time ends and everything goes back to normal. (Say, Jack, or is it the time of year when everything gets fouled up?)

Well, as we were saying it's that time of year when daylight saving time ends (Or is it just starting?)

In any case, come Sunday morning at 2, (or is it 3 or is it really 1) that everybody does something to clocks—turns them ahead, back, leaves them alone, forgets about the whole thing or just throws the clock away and calls the phone company to find out what time it really is.

If all goes well this year, we'll just be an hour late for work Monday morning (or, forbid the thought, will be an hour early).

Anyhow, we are just as sure, well kinda certain, more or less, ahh, well, we heard that, this guy indicated, it was reported, allegedly, sources close to timekeepers indicated that it was possible that they had been informed by observers, clocks would be turned back one hour Sunday morning.

Local Women Included in Fall Event

An international flavor will prevail in the Garden Room of the Hotel Claremont Thursday when Laurel Junior Branch of Children's Hospital of the East Bay holds its annual fall fashion show.

Theme of the show will be "Autumn in Rome," featuring a collection of costumes from 15 foreign countries. The costumes are from a collection of Trans-World Airlines and are all hand-made.

Fashions will be shown from a San Francisco women's apparel shop, with music by Bill Bullard's quartet as a background.

Roman decor will be created by a committee headed by Mrs. E. J. Molloy Jr., of Lafayette, according to chairman of the event, Mrs. Thomas Crellin of Alamo.

Beginners' Shorthand Class Open

The increased enrollment in Shorthand I and II on Monday nights has made it possible to offer an additional shorthand class on Wednesday nights, from 7 to 10 at Las Lomas High School, room 205.

The Monday night class will be devoted entirely to beginning shorthand.

For persons who have some shorthand, the class in advanced shorthand is Wednesdays from 7 to 10 p.m. at Las Lomas High School.

A thorough review of all the shorthand principles will be given. Special emphasis will be given to speed building, and beginning dictation as well as dictation for advanced students.

This advanced class offers a splendid opportunity to increase both the shorthand skill and the dictation speed.

While the Gregg Simplified system of shorthand is taught, those students using the Anniversary or Standard outlines can also benefit.

For further information concerning this class or other classes call the Acalanes Adult Center. Registration for all classes is taken between the hours of 6:30 p.m. and 9:30 p.m., Monday through Thursdays.

Go to Church Sunday

Methodist

The Lafayette Community Methodist Church will hold Sunday morning worship services at 9:30 a.m. and 11 a.m. with the Reverend Wayne H. Long preaching on the sermon topic "What Lack I Yet?"

Nursery service is provided at both services.

CHURCH SCHOOL for all ages is at 9:30 a.m. A Bible class for youth and adults is held at 9:30 a.m.

Reception for new members will be held at both services, with a "get acquainted" period to follow after.

Monday at 8 p.m. all commissions meet with a training period on telephoning as the program for the commission on membership and evangelism.

TUESDAY, the Woman's Society of Christian Service will hold their fall district meeting at Castro Valley Methodist Church.

Wednesday at 8 p.m. the planning committee is to meet.

Episcopal

Services of Holy Communion at 8 a.m., and morning prayer and litany at 9:15 a.m. and 11 a.m. will be held at St. Stephen's Episcopal Church. St. Stephen's Drive and Las Vegas Road, Orinda, on the 18th Sunday after Trinity.

The Reverend C. Corwin Calavan, rector, will be the celebrant at the eucharist and will preach at the later morning services. He will be assisted by the Reverend William Pothier, associate pastor.

THE JUNIOR choir will assist the congregation with the musical portions of the service at 9:15 and senior choir at 11 o'clock, when the offertory anthem will be "Jesu, Joy of Man's Desiring" by Bach.

Both choirs are directed by Philip Treggor, choirmaster and organist.

Church school will meet for kindergarten through eighth grade during the 9:15 service and for three-year-olds through fifth grade at 11 o'clock.

NURSERY CARE for younger children is available during the latter service at the home of Mr. and Mrs. David Wenrich, 14 St. Stephen's Drive.

A midweek service of Holy Communion will be held on Wednesday at 10 a.m., with Father Calavan as celebrant.

The confirmation class for young people will meet on Wednesday at 4 p.m., instead of on Tuesday as originally scheduled. This class is conducted by Reverend Pothier.

The inquirers' class for adults will meet with Father Calavan at 8 p.m. Wednesday. Persons of all denominations are welcome as well as those who have confirmation in mind.

Suburban

The services of the Suburban Bible Church will be held this week during the current Walnut Festival in the Park Theater in Lafayette.

Sunday school classes will be held at 10 a.m. in the theater and the morning worship service will be held at 11 a.m. Nursery facilities and a junior church will also be conducted at the 11 hour for the benefit of younger children.

THIS SUNDAY Reverend Lambert will bring the second message in his current series on the law of God.

This Sunday morning he will speak on the subject "Not Under Law But Under Grace" and will deal with the believers' relationship to the law of Moses.

During the morning service such subjects as the scriptural basis for worship on the first day of the week and the question of legalistic practices among Christians will be dealt with.

THIS THURSDAY night the church will meet for prayer at 7:30 in the Veteran's Building in Walnut Creek and at 8 p.m. M. A. Rotermund of Concord will show missionary slides depicting the work of the Oriental Missionary Society in Hong Kong, China.

These slides will show their work among the Chinese refugees who are coming into Hong Kong from Communist China.

Next Tuesday night the second in a series of teacher training classes will be held in the Veteran's Building and film strip II on successful teaching will be shown.

ANYONE INTERESTED in attending the church and in need of transportation is asked to call the church at YE 5-7287.

Sunday night at 6:30 p.m. the Suburban youth fellowship will meet at the home of Mr. and Mrs. Alan Bartlett, 3630 Harvey Court, Lafayette. All high school age young people are invited.

Episcopal

Services of holy communion at 7:30 and 8:30 a.m. at the Canterbury Chapel and the morning service of the Church of South India at 10:30 a.m. at the Chapel of the Valley, 985 Thompson Road, will be held by St. Anselm's Episcopal Church on the 18th Sunday after Trinity.

All services will be conducted by the Reverend Clarence Stacy; and Stanley Compton, seminarian assistant, will address the congregation at the 10:30 service.

CHURCH SCHOOL will be in session during the morning prayer service with infants and preschool children at 979 First Street and kindergarten through fourth grades at Nielson's Nursery School, 1033 Clinton Court.

Also fifth and sixth grades at 949 Moraga Road and the seventh and eighth grades at the Canterbury Chapel, 682 Michael Lane.

Christian Science

God's infinite wisdom and goodness will be brought out at Christian Science services Sunday.

The Christian Science Churches in this area are located at 22 Orinda Highway, Orinda; 1347 Locust Street, Walnut Creek; and in Concord at the corner of Grant and Park Streets.

CHRISTIAN SCIENCE Society of Pleasant Hill holds its services at the Pleasant Hill Grange, 600 Gregory Lane, Pleasant Hill.

The Christian Science Society of Lafayette meets at 3406 Mt. Diablo Boulevard, Lafayette.

Keynoting the lesson-sermon entitled "Reality" is the Golden Text from Psalms (52:1): "The goodness of God endureth continually."

CITATIONS to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (275:14): "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God.

"These are His attributes, the eternal manifestations of the infinite divine principle, love. No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is life but the divine; no good is, but the good God bestows."

From the Bible will be read (Ecclesiastes 2:26): "For God giveth to a man that is good in his sight wisdom, and knowledge, and joy."

Lutheran

"Question and Counter Question" will be the sermon theme of the Reverend Merle O. Tollefson at Our Savior's Lutheran Church, 1035 Carol Lane, Lafayette, at both the 8:15 and 11 a.m. services.

He leaves his wife, Maria; two sons, Albert and William of Lafayette; three daughters, and five grandchildren.

Ground Broken For New Site Of Rett White Firm

Ground has been broken for the construction of an ultra-modern automobile showroom for the Lafayette office of Rett White Motor Sales on Mt. Diablo Boulevard, next to the Veterans' Memorial Building.

The ground breaking ceremonies were attended by the owners of the property, Mr. and Mrs. John Vuich, Rett Turner, president of Rett White, and Gene Pleau, Lafayette manager for Rett White.

A LONG TERM lease between the automobile dealers and the Vuichs was negotiated by Barcelon Realty Company of Lafayette, in cooperation with the Marshall-McKinley real estate office in Walnut Creek.

The 7,000-square foot building, designed by Robert Horton of International Structures, Inc., of Lafayette, will include the large, modern showroom, a complete service department, parts department and offices.

Bayshore Construction Company of Oakland is the general contractor on the $170,000 project.

TURNER SAID that in addition to being much larger than Rett White's present location at 3630 Mt. Diablo Boulevard, the new building will include attractive landscaping in keeping with the beautification of Lafayette.

He explained that it is expected the building will be completed by November 1, in time for the 1960 models of Fords, Falcons, Thunderbirds and Triumphs

Orchard Nursery Wins Fair Awards

Orchard Nursery and Florist has just completed its 10th year of competition at the California State Fair in Sacramento.

Through the years, Orchard Nursery has received many awards for their displays of plant materials, and this year the local nursery won a first place in tropical displays, which featured flowers flown in from Hawaii.

THE FIRM ALSO placed second in the flower display, which featured a flag made of red and white carnations and a fish and a deer's head made of chrysanthemums. The display was in honor of Alaska, our 49th state.

Orchard Nursery took a total of 40 ribbons for first, second, third and fourth places in the various categories.

These awards included a first in an African violet display, a second in tuberous begonias and a variety of awards in categories such as foliage, flowering plants and cut flowers.

Enrolls in College

Ann Fisk, daughter of Mr. and Mrs. James Fisk, 176 Ivy Drive, has enrolled as a sophomore at Tarkio College, Tarkio, Missouri.

Glen-Del Fitness School Opens Here October 5

A number of years ago there was a small boy named Glen who lived near a gymnasium for men.

Glen was intrigued with the brief glimpses he could get of what went on inside that gym — — lithe men tumbling on long mats, strong men and some not so strong, working out with weights, ropes, boxing gloves and on the trampoline.

THE BOY soon found that he could sneak inside the gym and while the adult age requirements kept him from participating, he watched wistfully from an unobtrusive corner and dreamed of the day he and other boys like him might indulge in such body building activity as that gym offered.

Many of Glen's dreams in this regard were realized during his later school years where he was active in sports, especially tumbling and track, but he never forgot his desire to provide boys with special opportunity for physical fitness.

With the coming of adulthood he realized that with the achievement of physical skills comes not only the sheer pleasure of good physical exercise but also body coordination, control and self-confidence.

SEVEN YEARS ago in Lafayette Glen Weller began his and instruction for boys who wished to learn the skills he had developed to such a high degree. Classes were small and confined mainly to tumbling.

The boys flourished under his guidance. Parents became enthusiastic not only about the ability of their boys to tumble but the emotional and personality development that seemed to be intrinsic.

One Lafayette mother reports, "Jack's school teacher advised us to help Jack develop self-confidence, which he was sorely lacking in, by helping him to learn some skill in which he could excel. The tumbling provided this and she was so right about the change it would make in him!"

ONE HAS ONLY to question some of the Lafayette boys who have participated in this program to realize that they, too, are enthusiastic about the activity, boys like Randy Knudsen, J. F. Hink, Jeff and Casey Borowiak, Tod Feiler, Chipper Hollister, Andy Lind, Mike Bouche, Charles Bunton, Peter Wendell and Ronny and Gregory Moore, to mention only a few.

Over the years the classes have increased in enrollment as well as the variety of activity which they offer until this year Glen Weller hopes to se his dream for young boys come true.

The Glen-Del Boys Fitness and Sports School opens at the Veterans Memorial Building in Lafayette on Saturday, October 3. The classes will be every Saturday morning and are open to boys from five through 16.

They will include tumbling to teach body coordination, boxing to teach self-defense, judo to teach body control and discipline, and trampoline to teach self-confidence. Also incorporated will be information on body anatomy.

IN KEEPING with the national program of physical fitness, Lafayette is presented with a wonderful opportunity to develop her boys.

With the ever-increasing free time of todays society, lucky will be the individual whose skills have been developed to help him truly enjoy his leisure.

Parents interested in obtaining more information about this opportunity for their boys may do so by calling AT 4-4059 or by coming to the first day of classes at 9:30 or 10:30 on October 3 at the Veterans Memorial Building.

Moragans Balk at Utah's Lack of Representation

Moraga residents have charged that the failure of the Utah Construction Company to send a representative to a citizens' meeting Wednesday night "shows a disregard of the community's desires."

About 80 residents attended the meeting in the old Moraga School, which was held by the Moraga Community Club to study the proposed precise zoning of an 8773-acre area, including most of Moraga.

THE PLANNING commission held one public hearing on the zoning earlier this month, and the second hearing is scheduled in Martinez October 6.

According to Dr. Leland Nelson, vice president of the community club, the group received a letter from W. U. Barnes, Moraga representative for the Utah company, which owns a great portion of the property, Tuesday.

The letter said: "Utah will not be able to have a representative at your meeting. For as I understand it, the Moraga zoning is being handled by the Contra Costa Planning Commission and staff, and any information regarding same should be obtained direct from them, as they are better qualified to answer your questions than Utah is."

NELSON SAID Barnes had been invited to send a representative to the Wednesday meeting last Tuesday, September 15.

He added that "we had a lot of questions we wanted to ask and if they are proud of what they have proposed, they should take part in these meetings."

Tony DeHesus of the county planning staff, attended the meeting, which lasted nearly three hours.

AT ITS conclusion, Nelson said many who attended felt the word "controlled" in the controlled manufacturing proposal should read "uncontrolled," and the general commercial area which is also proposed is a "completely foreign thing at this time."

He said under existing zoning ordinances, general commercial would permit transit mix plants, lumber yards, sheet metal shops and warehouses, all very close to residential properties.

A tape of the last public hearing was played, in which Bestor Robinson, attorney for Utah, said Utah, "for its own selfish long term interests," if for no other reason, could permit a corrugated iron building 50 feet from somebody's front yard line.

DISCREPANCIES between the Moraga General Plan approved last year and the new proposed precise zoning stirred the citizens into Wednesday's meeting.

Although the community club, as such, will take no further action, Nelson stated, it is expected that certain smaller residential groups within Moraga will meet next Wednesday night to prepare a presentation at the next public hearing October 6.

The proposed zoning, according to Nelson, "alters the tone and conditions of the community (Moraga). We are in the country, and in the very near future, according to the plan, we would be in a city.

"This is relatively drastic for Moragans, because we aren't very well organized yet."

Mosaics Class Starts Thursday

Final registrations for the Orinda-Lafayette class in beginning mosaics must be made this week, as the series will begin next Thursday, October 1, Mrs. J. Gordon Ainsworth, instructor, announced today.

The class, featuring different techniques of the old Byzantine art as well as modern pebble and colored glass methods, will continue for six weekly two-hour sessions.

NECESSARILY limited in size, this will be the only daytime mosaics class in Orinda this year, and interested persons may register directly with the instructor at CL 4-2192.

The class will be held at Mrs. Ainsworth's home at 73 La Cuesta in Orinda.

The mosaics sessions will meet from 10 a.m. until noon. No prior experience is necessary.

Vice Admiral Speaks to Rotarians

Vice Admiral (ret.) Charles Lockwood, Jr. spoke this week at a meeting of the Lafayette Rotary Club.

He was introduced by member Bill Gordon, who lost a son aboard a submarine in Lockwood's force in World War II.

Lockwood graduated from the U.S. Naval Academy in 1912, and attained the rank of rear admiral in 1942, and vice admiral in October, 1943, retiring in 1945.

He was commander of the Submarine Force, Pacific Fleet for two war years, and before retirement was Naval Inspector General.

He now lives with his wife in Los Gatos, and has been technical advisor for several movie and television shows.

Anyone for Dancing? Not After Ball Game!

Our high school youngsters have very little more in the way of recreational facilities now than they had 10 years ago.

Sure, there are a few more swimming pools, and some of the public recreation programs have been expanded, but by and large the youngsters are in the same boat they have occupied all along.

This brings up the old subject of after-game dances at our high schools.

WE'VE TALKED ABOUT it before in The Sun, but of course, nothing has ever been done. We are informed that there is a "league ruling" prohibiting dances after games, and that is that.

So what are our kids to do after the games? Do they stop by for a soft drink and a hamburger, and then get home by 10:30 or so? That's asking an awful lot on a Friday night when you're with a gang and everybody's having fun.

This same editorial, with a few changes in wording, has appeared in The Sun for the past 11 years. So it sounds like we're "harping" on an old subject, and maybe we are, but we can't see, for the life of us, why something isn't being done.

And before we go any further, we might point out that many things are being done. Street dances have been held by service organizations, and our recreation departments sponsor dances for teens.

BUT IT DOESN'T answer the question of after-game dances. There used to be the old argument that "our kids are fine, but what about those tough monkeys from the other schools?"

Well, by and large, our leagues are pretty well self-contained now, with the exception of Pleasant Hill High School which is in a separate league.

This has always appeared as a weak excuse anyway, and now it is almost ridiculous.

If we take a look at last year's record we find an interesting situation. In Lafayette after-game dances were sponsored by the Lafayette Junior Chamber of Commerce. No admission charged.

In Walnut Creek and Pleasant Hill the recreation departments took over the chore, with a 15 and 25 cent tab.

WITH ALL OF the hundreds of kids who attended these dances, there wasn't ONE instance of trouble. So much for the rioting teen-age theory.

This problem is not limited to football games, either. It is perfectly permissible to hold a dance after a basketball game too, you know. Thus the "dance" season would pretty well coincide with the school year.

Frankly, we think the school officials are not living up to their responsibilities when they duck the issue as they have been doing. Sure there is a league ruling against dances, but if the school people wanted to take the matter into their own hands, they could do so.

We don't know what the answer is. The problem has been brought to the attention of school officials, but there has been no action.

We can only suggest that if you, who are parents and have teen-age youngsters in school, feel the same way we do, then you or your parents club or PTA might try your luck.

Certainly if you think this form of recreation would be beneficial, and if you think our teen-agers can be trusted not to riot when assembled, you ought to make your feelings known.

It's very interesting. The editorial which appeared in The Sun last year ended thusly:

"WELL, THERE IS the problem. We have stated it before, and here we are stating it again.

"We hope we won't have to repeat this editorial next year."

We have just repeated it. And if something isn't done, we'll repeat it again next year. After all, we've been at it for 11 years.

And if you agree, you might make your voice heard where it will do the most good.

A Really Good Neighbor...

"Each year hundreds of our fellow residents are disabled by accidents and disease, many to a cruel degree. The road back can be so painfully confusing, tedious and expensive it's almost beyond belief."

That quotation comes from a letter which you may have received in your mail box recently.

It is on stationery bearing the name of the Mt. Diablo Therapy Center, and we feel that it is an eloquent statement in its own right.

Because the Therapy Center is an unique organization—it is an organization whose life force is people—people with understanding hearts and people with problems.

ITS ONLY PURPOSE is service, and it is effective. Certainly little more than this can be said about any organization. If it fulfills these objectives, as does the Mt. Diablo Therapy Center, then it is not only a success, it is a marvel.

The Therapy Center is not supported by tax money. This, in itself, is refreshing. Much of its money comes from hard working volunteers, who belong to the auxiliary unit with the "bird" names . . . the tanagers, Quail, Linnets and Robins.

PERHAPS YOU or your neighbor belong to one of these units, and you most certainly know somebody who has devoted time and talent to this worthy cause.

If you feel that this is a worthwhile organization — and many thousands of people in Contra Costa County do — you are invited to become a member.

Any questions will be answered by the staff at the center, 100 Golf Club Road, Pleasant Hill.

The Therapy Center provides unique treatment. The total person, not just his disability, is cared for. Rehabilitation is provided by full-time, registered and certified therapists; a manual shop is available and encouraged by industrial leaders; the services of psychologists are supplied when required.

We, as Contra Costans, should feel privileged and proud to have the Mt. Diablo Therapy Center located here. It is a good neighbor.

We can help it by joining it. It is a real service to mankind.

Who Understands Best?

By NORMAN COLBY

I've got a problem.

It comes to me, unsolicited, everytime I pick up a magazine with an artist's vari-colored sketch of suburban California, after my customary visit to the local police station, part of my reporter's beat.

I ask myself—who is right, the artists or the cops?

The house has a new coat of paint, the car is new and the grass is very green. The sky is clear except for a few very white clouds.

The father is young, smiling, perhaps a little smudged from a day of working about the yard. A gleam of accomplishment shows in his eyes, as he turns the roast for an outdoor feast.

The mother is young, smiling brightly, bathing suit attired, relaxed in the chaise-longue and in fine humor.

The children are laughing and directed into some purposeful effort, as "helping out," riding bikes, playing with toys or with the little fluffy dog.

It's the kind of picture you want to put on your wall, and look at several times a day. That's you, Norman Colby, when that technicolor future arrives, I tell myself.

The police station has pictures, too, but they are kept in files, away from tender eyes. Descriptive too are the reports, in fine black ink, listing vehicle and state code numbers, local names and addresses.

The addresses are nice homes with green lawns and often a fluffy dog.

Jim Jones (fictitious name) repossession of 1958 car. He and several others can't make their payments. This has happened to most of us at one time or another. The magazine scene is not disturbed, I tell myself.

John Smith, found wandering at 1 a.m. incoherent but cooperative. Helped home. This could happen to many of us, without losing the aspect of the smiling father. Mishaps happen, don't they?

But how about Jane Jones? She wants police to stand by while she gets her clothes from the family home. Police stand by, husband glares, and Jane gets clothes enroute to her chosen new life. No fluffy dog present, no smiles.

And these?

Jack Smith, apprehended after hit and run. Pedestrian injured. Jack denies it angrily, but later pleads guilty.

Jack Jones, non-commital when found at home. His wife has eyes blackened and arms bruised. Bleeding at the mouth. He later claims she wasn't home in time to get him dinner.

Jane Jones, wealthy girl, accused of stealing customer's money off bar. Bartender and others are witnesses. She has exact amount in purse, plus plenty of money of her own. Has large ranch home but likes to wander.

Jane Smith, matron, cares for children, is suspected of beating them with a shoe. Finally tries it in her back yard and is accused by eyewitnesses.

And there are the younger men and women — turning public eating places into brawling scenes, carrying knives, stealing from stores — seemingly doing their best to escape that nice home, well clipped lawn, fair skies, smiling parents.

But I am beginning to think the fact people can come close to achieving that perfect magazine scene is all the more admirable, considering the pressures that act upon all of us—pressures which force many of us at one time or another to our debut on the police blotter.

If there were not that drive for self destruction and evil in us, our achievements and good we do for others would not shine, and there would be less value to them.

We are as good as we are bad, and the police blotter tells no more about our friends and neighbors than our artist's hopeful concept.

Diablo Artists Offer Classes, Plan Meet

The public is invited to the next Diablo Art Association meeting Monday at 8 p.m. at the Real Estate Building, 1343 Locust Street, Walnut Creek.

Ernest Van Harlingon, west coast public relations director for Grumbacher, Inc., will show a color sound film demonstrating watercolor landscape techniques as done by Rex Brandt. Van Harlingen will also display several original watercolors by such noted artists as Dong Kingman, James Boynton (who exhibited in the U.S. exhibit at last year's Brussel's Fair), Henry Gasser and Mary Black Diller.

Van Harlingen is a former director of Sacramento's Crocker Art Gallery and is a Fellow of Great Britan's Royal Society of Arts.

Following the talk an informal coffeetime will be held and members and guests are encouraged to bring in their work for informal discussion.

Mrs. Lorraine Myatt, membership chairman of the Diablo Art Association, announces that several new members have recently joined the group. They are Mrs. Mary Bell, John Nejedly and Hubert Holina of Walnut Creek; Inez Butz of Danville; Cheri Geldert, Castro Valley; Mrs. Betty Simon of Lafayette, and Madeline Sheldon of Concord.

New art classes are now being offered by members of the Diablo Art Association. At the Walnut Creek Recreation Center, Katy Madeen offers on Thursdays two courses in Portraiture (9-12 & 1-4), and on Fridays Yvonne Herbert offers two classes in Landscape and Still Life (9-12 & 1-4).

In addition Pat Mervin will teach art fundamentals on Wednesday evenings at Los Lomas High School, 7-10 p.m. For further information, contact the class preferred during session.

Letters to The Editor

Dear Editor:

Residents of the Walnut Heights area are becoming keenly aware of the piecemeal annexation proceedings in Walnut Heights now going on before the Walnut Creek Planning Commission and City Council.

Latest evidence of this was a spontaneous meeting of owners of property adjacent to the Dean property—known as the "Goat Farm"—held at the home of Robert Spitzack on Shady Glen Road.

Twenty-three homes affected by the proposed annexation of the Dean acreage were represented at this meeting.

I was asked by a group to outline the zoning history of the area, why the annexation was proposed, and how annexation is effected to the City of Walnut Creek. I reminded those present of the continuing efforts of the Walnut Heights Property Owners Association on behalf of the majority of its membership to maintain half acres in Walnut Heights, and the continuous pressure of real estate developers, builders and owners of vacant land to reduce Walnut Heights lot sizes to one-third or even one-fourth acre plots.

I pointed out the methods by which annexation can be completed without an election, or the consent of some of the property owners directly involved, as has recently happened.

It was very evident that all of those present at the Sunday meeting were opposed to annexation. They, through Mr. Spitzack, asked the association to carry on its efforts to maintain one-half acres, and in this instance to resist annexation to the City of Walnut Creek.

A substantial number of those present, who were not members, volunteered to join the association, and all those attending agreed to furnish additional funds as required by the association to accomplish the results sought by the group.

I REMINDED all present that the association will hold its annual meeting about the first of the month at which time new members will be welcome, and the association activities, past, present and future will be reviewed and open to discussion by the members.

It is also proposed at that time to poll the members as to attitude on zoning and annexaiton.

I pointed out that a so-called "uninhabited annexation" was approved by the Walnut Creek City Council on September 2, the Shoemaker et al properties, over the violent protests of two property owners who were included much against their will.

The threat of a repeat situation was discussed at length by those present, who were firmly convinced that such a situation should be avoided at all costs.

The association would welcome an annexation election in the entire area but we are definitely against this morally illegal annexation of uninhabited land procedure.

RICHARD DAWSON,
Association President.

School psychologists and psychometrists of the county will hear a description of college courses available in their fields Monday at 7:30 p.m. at Mt. Diablo Unified School District office, Concord.

Dr. Stephen S. Rauch, associate professor of psychology at San Francisco State College, will discuss the school's program of study.

Under The Sun

Today 2 Subjects: Second Tunnel and Gambling

By HERMAN SILVERMAN

Some weeks ago in this column I started writing that Contra Costa County had better beat the drums before the State Highway Commission for a second tunnel to Oakland. OR (and I capitalize the "or") it would be at least another year before funds could be allocated.

I was extremely concerned because no public announcement had been made as to a county presentation before the Commission. Each fall the Highway Commission decides how much each county will get for specific projects.

I found out, however, that one organization was planning to appear before the commission. Elliot Hartman and Hal Mutnick traveled to Sacramento and made an excellent presentation in support of allocating funds for another tunnel in next year's budget.

Knowing that a second tunnel will take more than three years to build, The Sun has been campaigning for its early construction—for the past eight years. A recent editorial urged county and local governmental officials, community improvement groups and others to actively support a campaign for tunnel funds).

Theory: use kid gloves

Well, the county's only representation was from the Diablo Highway Federation. Hartman, a former president, has a theory: Do not badger the highway officials; present solid facts, concisely and cooly; let the Commission judge them on merits rather than on emotion.

As I write this, Wednesday, the Highway Commission has not yet announced its allocations.

I understand, however, that good news will be forthcoming: One third of the funds for the tunnel will be in next year's budget. Additional funds will be allocated in the successive budgets to complete the tunnel, the freeway from Orinda to the tunnel and the freeway from the tunnel to Broadway.

I've heard this report from three different sources. We now await the announcement from the Highway Commission, which may come at any time. Meanwhile, we owe a vote of thanks to the Diablo Highway Federation.

Here we go again . . .

Now to another subject.

Two weeks ago The Sun first printed the story that there were definite links between the Contra Costa sheriff's office and pinball machine operators. You'll recall that a list of pinball operators was given to Raymond Van Tassell by Sheriff Walter Young. The operators were then asked by Van Tassell for contributions. Most of them did "contribute." This particular setup was later stopped.

Meanwhile, pinball machines, legal and illegal, are still operating. No attempt has been made to hide over-counter gambling payoffs to winners. This was as of last week.

Why has no attempt been made to stop this gambling?

You've read this question before? You'll probably read it again.

You've heard this before

We asked Sheriff Young. His answer: "No comment."

This, of course, was the favorite expression of former Sheriff Jim Long and former District Attorney Francis Collins in answer to similar questions about pinball and other forms of gambling.

Frankly, I am sorry that Walt Young, who has been in office only nine months, is resorting to these tactics. Young, a Lafayette resident, was elected by the people to enforce the law. He is answerable to The People.

Speaking for The People is the current grand jury, which clearly pointed its finger at the sheriff and his department. Speaking for The People, the grand jury demanded certain action against sheriff personnel and asked for reorganization of the department.

Frankly, the grand jury could have done more. They could have indicted the sheriff, some of his personnel and others. I believe they gave Young the benefit of the doubt, assuming he would straighten up his department and enforce the law.

This grand jury continues in office through next summer and has ample opportunity to check into its recommendations.

Meanwhile, the State Attorney General's office is continuing its investigation of the sheriff.

Instead of the "no comment" approach to the problem, I hope that Sheriff Young will assume the responsibilities of his office and take immediate action. It is not too late. Courageous and intelligent handling of the problem in the sheriff's office will result in removing the shadow of doubt now present.

Young has over three years to serve as sheriff. These can be good years for the sheriff—and the county. It certainly depends on what Young does immediately.

Sheriff Young can help solve the pinball machine problem easily. He can ask the county board of supervisors to prohibit them by ordinance. Some of the cities in the county have done this. I asked Young about this at a lunch some weeks ago. He would not commit himself, saying he would have to study the problem.

Others can act

This is not only Young's problem. It is a county-wide problem. District Attorney John Nejedly should state his views. I believe Nejedly would be in favor but seems to be reticent about volunteering his opinion. He shouldn't be. He, too, is a law enforcement officer. If there is gambling or vice in the county, it is a reflection on him as well as the sheriff.

The key to a pinball ordinance is your county board of supervisors. Past boards have faced the problem and did not act. They set up committees, tabled the problem—did anything but face their responsibilities. Your present board of supervisors could solve the problem next Tuesday by ordering an ordinance drafted.

Pinball machines is not a nickel and dime business. A former grand jury estimated that the county's pinball operation is a million-dollar-a-year business. That was nearly five years ago. Today it is the most profitable field of its kind in the county.

An interesting story

I recently read an interesting news story from Washington. Senate racket investigators were told that an East Chicago, Indiana, coin machine company raked in $2,400,000 from a $10,300 investment in illegal pinball devices in a five year period.

A committee investigator said the millions, divided 50-50 with location owners, was taken in from machines owned by the Lakeside Specialty Co.

Lavern Duffy, a committee investigator, also testified that the company distributed almost $33,000 worth of "gifts" to various Lake County and East Chicago officials during the period.

Yes, pinball machine business is mighty profitable. Don't you agree?

On The Lighter Side

By CAROL HODGES

The home of Dr. and Mrs. Woodburn Lamb was the setting and what a BEAUTIFUL one, for the recent party given by the Alta Bates Volunteer Association.

The lovely Spanish type home nestled among huge oak trees, the exquisite gardens and lovely enclosed patio added SUCH a delightful atmosphere to a party well on the way to succeed even before it began. . . . With "Pool Side Jazz Party" for the theme, it could be nothing ELSE but fun.

The Orinda hills echoed the strains of "The Ace in the Hole," "Bill Bailey," "When the Saints Come Marching In" and the like, and before long, couples began dancing . . . who could resist? And no wonder! With Chuck Dutton at the piano, and tuba player Harold Nachtrieb Jr. from Berkeley; Tom Gentry, Walnut Creek, bass violin; Buz Thompson, drums, Frank Allen, trumpet, and Henry W. Gentry, trombone, all of Orinda; Hilliard Wilson of Oakland, also blowing the trumpet, Dr. George Eveleth of San Francisco, strumming the banjo, and George Jansen of Menlo Park doing his bit with the clarinet.

With all this activity on the patio, in the living room and adding just the RIGHT touch reminiscent of Don Blanding's Vagabond House," were well place LIVE decorations. An Irish Setter curled up on the hearth, a pony-sized German Shepherd stretched out FULL length in the corner and a VERY cross-eyed Siamese cat catching a wink on the piano!

Lots of cooks make light work . . .

Later in the evening, Mrs. E. Morse Blue, chairman of the affair, gave a charming speech of "thanks" to the following who supplied the advice and legwork:

From Orinda, Mrs. John Bartlett, president of the organization, Mrs. William Picard who was in charge of refreshments, Mrs. Robert Oakes assisted by Mrs. Henry Zwerling made the dinner arrangements—steaks barbecued to perfection—400 of these were served.

Berkeley residents Mrs. Paul Henshaw, vice president; Mrs. A. James McCallum, ways and means chairman; Mrs. Abbott Whitney, secretary; Mrs. William Donald Jr., in charge of reservations.

Mr. and Mrs. Walter Frederick were responsible for obtaining the music as well as the quartet from the University of California Glee Club which, by the way, was superb. . . . Dr. Forrest Horner "gathered" the strolling minstrels adding MUCH to the gaiety; Mrs. A. A. Kragen and Mrs. Forrest Horner worked together on the invitations and Mrs. Stuart Kierulff, publicity.

Autumn Fantasy was BIG success

The Lake Merritt Hotel in Oakland was filled to capacity for the "Autumn Fantasy" luncheon and fashion show last week given by the Lafayette Larks. The tables, loaded with favors, were decorated in a MOST unusual and effective way . . . small Ming type trees painted black with gaily colored miniature lanterns and umbrellas attached to the "limbs" and a tiny Japanese man beneath.

There were for sale at the end of the show and went like "hot cakes"! Chicken salad piled high in avocado and a "light as a feather" lemon fluff pie served to appease the hunger pangs and were followed with the showing of exquisite ensembles and furs furnished by William Silva and William Pinkus respectively.

These were modeled by members of various units of the Mt. Diablo Therapy Center: Mesdames C. Wadsworth White and Ridgway Woodburn represented the Mary Doyle unit, Sidney Lapham, Starling; Frank Cashin and William McGuire, Towhee; Herbert Packard and Sherman Sibley, the Larks.

Heading the committees and looking like models themselves were Mesdames Edward Ageno, president, in a two-piece beige lace sheath; Newton Warburton, who was in charge of the models, in a striking bright blue suit; Ralph Ligon also in blue—a chic two-piece costume—did the decorating; Joseph Tessler in a smart beige suit, donations; and Richard Fulgham in soft grey wool with matching hat was general chairman.

The Ageno house was a full one . . .

Another successful event for the Larks was their annual "Fun" party held at Mrs. Ageno's home in Lafayette. Cocktails were served in the early evening to the members and their husbands followed by a delectable buffet-type dinner and dancing. Mrs. George McAuliffe and Mrs. Robert Bartak of Lafayette, and Mrs. Lou Olton of Orinda made the arrangements and among those enjoying the fruits of their efforts were the Newton Warburtons, William Banks, Donald Falconers, Richard Fulghams, Howard Hearns, Thomas Jacobsens, Andrew Kritschers, Hal McDonalds, Sherman Sibleys, Robert Underhills, Harry Youngs of Lafayette and the Herbert Packards, Kenneth Trahans and Joseph Adams from Alamo.

Just what country IS this? Austria apparently stepped in full swing not long ago and that's for sure at the Concord Elks Lodge the evening of the dinner dance given by the Robin Unit of the Mt. Diablo Therapy Center.

EVERYONE came in Austrian attire—some truly authentic. Mr. and Mrs. Walter Weinzheimer of Concord had been to Europe and had access to the real thing as had Mr. and Mrs. Wally Garard—Wally complete with leather lederhosen, yet! Mrs. Earl Guy, chairman of the occasion, was also in authentic dress.

Guten Tag, Mein Herr . . . Ach Ja

Tyrolean hats were sold throughout the evening as were German beer steins which were filled and refilled from a HUGE barrel of beer and needless to say, this was a nice little money maker. The food, arranged for by Dr. and Mrs. Robert Martin and Joe Shockey was simply WONDERFUL. Sauerbraten (beef soaked in vinegar, vegetables and spices for days, then cooked), red cabbage, German potatoes, fresh vegetables and apple strudel made up the menu. The mixer dances spurred on by the Weinzheimers gave zest to the party and highlighted the affair, leaving, however, some of the participants gasping for breath!

Incorporation Is Debate Issue at Women's Meet

"Incorporation of Lafayette—Pro and Con" was the program of last week's monthly meeting of the Town and Country Women's Club, held at the home of Mrs. George Bruno, 754 Old Jonas Hill Road, Lafayette.

The meeting began with a swimming party and continued with dessert and coffee served by the Mesdames Robert Hoole, Ray Bohner and Dan Bates.

Advantages and disadvantages of the proposed incorporation of Lafayette were discussed by Art Robson, coordinator of the incorporation committee, and Hugh Kenneth Forsman, president of the Lafayette Improvement Association.

The business meeting was conducted by Mrs. John Brentlinger, president, and plans were discussed for a gala cocktail and theater party to be held October 17. The club has purchased a block of tickets for the evening's presentation of "Laf-Frantics" of 1059," one of its philanthropies.

Some of the other activities of the club this month include a literary group which will conduct a book review on "Too Late the Phalarope," at the home of Mrs. Dale Hendricksen, 3665 Boyer Circle, Lafayette, and the couples' bridge potluck supper at the home of Mrs. George T. McKay, 3222 Gold Court, Lafayette.

The semi-monthly women's bridge group will meet at the home of Mrs. Allan Grammar, 52 Oak Drive, Orinda, and the Women's bowling group meets every Tuesday morning at the Walnut Bowl, while the couples' bowling group meets there every Thursday at 6:30 p.m.

Mrs. Farrell Is Universal Club President

Mrs. Clara Farrell of 2836 Melillo Drive, Walnut Creek, has been elected president of the Monday Universal Club, which meets twice a month in the Piedmont Community Center.

Mrs. Elizabeth Gaines of Walnut Creek is also a member.

The club has about 75 members, but new members are sought from the Contra Costa County area, Mrs. Farrell said.

The club's philanthropic program includes sending needy children on vacations, providing wheelchairs, crutches and dental care, and a special program is putting four nurses through Highland Hospital, she said.

Mrs. Farrell has been a local resident for about 12 years, and came here from Oakland and San Leandro.

Local Girl Tells Troth

Mr. and Mrs. Earl Greager, 855 Moraga Road, Lafayette, have announced the engagement of their daughter, Carol Ann, to Jim F. Gove, son of Mr. and Mrs. Dwight T. Gove of Chula Vista.

Carol, a member of Thistle Branch of Children's Hospital of the East Bay attended Oregon State College for two years and was graduated from the University of California earlier this year with a major in liberal arts.

She currently is student teaching at the Del Rey School in Orinda. While at Oregon State, she was affiliated with the Kappa Kappa Gamma sorority.

Jim, a February graduate of the University of California with a major in business administration, is taking his army basic training at Fort Ord.

He attended Pomona College before entering the university, and was affiliated with the Acacia fraternity.

No definite wedding date has been set.

Sorority Alums Schedule Talk

"Creativity in Women" is the subject of a talk to be given before the Diablo Valley Club of Kappa Alpha Theta Alumnae by Mrs. Henry Helson, an associate research psychologist at the Institute of Personality Assessment Research, University of California.

Mrs. Helson is a Kappa Alpha Theta alumnae from the University of Texas.

The second meeting of the new fall season will take place at the home of Mrs. Robert Williams, 400 Miner Road, Orinda, at 12:30 p.m. on October 8.

Dessert and coffee will be served.

The co-hostesses will be Mrs. G. B. Robertson Jr., and Mrs. B. M. Whisenand.

Sewing Club Is Planning Luncheon

The '42 Sewing Club of Almona Chapter, Order of Eastern Star, held its first fall meeting on Wednesday at the home of Mrs. Eileen Floyd, vice president, 141 Cerezo Drive, Ygnacio Valley Road.

Assisting were Mrs. Pearl Wolgast, president, and Mrs. Lois Cain, secretary-treasurer.

Tickets are now on sale for the November "Luncheon Is Served."

FOUR MEMBERS of the Quail Unit of the Mt. Diablo Therapy Center make final plans for the group's annual barbecue to be held Saturday night, September 19. From left to right, they are the Mesdames John Voegtly, Gerald Clark, Ray Devin and Bob Reichman, all of Moraga. —Sun photo by Mattson.

Cadets' Mothers Plan Luncheon

The San Rafael Military Academy Mothers' Club will give a fund-raising luncheon and silent auction at the Meadow Club, in Fairfax, on October 2, at 12 o'clock.

Proceeds will be used to assist in financing various projects at the academy, sponsored by the Mothers' Club.

Many rare and irresistible imports from China, Italy, Turkey, the Philippines and other foreign countries have been purchased for the sale, as well as many fine articles made in California.

An added feature will be unusual door-prizes donated by club members.

For luncheon reservations for members living in Orinda and vicinity, call Mrs. Uriel B. Smith, CL 4-5838. Apply early as reservations are limited.

Those unable to get reservations are welcomed to attend the silent auction.

Five central county women will take part in the "Modes d'Elegance" fashion show to be presented October 14 by Live Oak Branch of Children's Hospital of the East Bay.

Scene of the luncheon event, which will feature fashions from the cutting boards of top flight designers, will be the new Calypso Room of the Hotel Claremont in Berkeley.

Mrs. Gennaro Filice, Jr., of Orinda and Mrs. John Perrelli of Lafayette are the local Live Oak members who will model at the event.

Other local models include Mrs. David Fink, a Laurel Junior Branch member from Orinda, Mrs. Owen Owens, Acorn Branch member from Orinda, and Judy Perrelli of Orinda, daughter of a Live Oak Branch member.

An exclusive women's specialty shop in San Francisco is staging the show for Live Oak Branch, with Nancy Veitch Cooke and Dorothy Frank McKenzie acting as fashion coordinators. Mrs. Cooke will also commentate.

Design fashions to be shown are those of Irene, Pauline Trigere, Montesano, Adele Simpson, Vera Maxwell, Teal Trania, Caroma for Viola Douglas, Jo Copeland for Patullo, Larry Aldrich, Harvey Berlin, Originala and Davidow.

Chairman of the event is Mrs. Walter M. Moore of Richmond, who is assisted by her co-chairman, Mrs. Linwood Ginder, also of Richmond.

Tickets for the event may be purchased for $4.50 each from the ticket chairman, Mrs. Eldridge Pratt at Beacon 4-6537.

Muir Hospital Benefit Will Be Held Tomorrow

Fashionable glamour will keynote the Muir Hospital Auxiliaries' benefit 'An Evening Under the Stars" tomorrow.

As more than a thousand guests wander around the spacious Dollar estate in Saranap sipping cocktails and sampling hors d'oeuvres, 14 fashion models will walk down the 50 foot runway gracefully displaying evening attire from San Francisco's Joseph Magnin.

The collection will be studded with brocades, furs and satins dear to the heart of every woman and fascinating to the eye of every man.

[illegible]ers will be offered an outstanding evening for their patronage.

In addition to the fashion show, they are entitled to one complimentary cocktail, there will be dancing on the poolside patio accompanied by the orchestra of Gordon Heshe, and there will be tables strategically placed around the grounds for the convenience of those who just wish to sit and visit with friends.

The gates will open at 6 p.m. and the fashion show will start at 8 p.m.

The Tioga branch from the Danville area is in charge of refreshments and, according to Mrs. Jack Malley of Lafayette, the hot hors d'oeuvres are being catered.

Mrs. Jack Marchant's newly organized Yosemite branch will take charge of properties.

Mrs. Joseph Rosenthal, Orinda, and Mrs. John L. Farley Jr., Lafayette, are co-chairmen and charming Judie Rosenthal, being a fashion model herself, will present the Joseph Magnin creations with a good background of experience.

Mrs. Frederick Ackerman of Walnut Creek hopes to close reservations the first of the week so those hoping to attend should contact her at YE 4-5665 as soon as possible.

Junior Alliance Has Circus World Tomorrow Night

It will be a Barnum and Bailey world for the Big Kids tomorrow night when Junior Alliance of Children's Foster Care Services launch their fall fund-raising with "Clown Parade" at Diablo Country Club.

The benefit dance, in support of Lincoln Home for Children, will feature a fantastic world of clowns with every conceivable kind of buffoon brought into the decor.

Large groups will make the trip to Diablo from both sides of the tunnel after pre-dance parties given in the area by Junior Alliance members.

Co-hosting at cocktails and buffet at the Orinda home of the William Ingrams will be the junior Francis A. Watsons of Orinda who will, with the Ingrams, greet the H. B. Gardners, Glenn Heltnes, Harold Keenans, Richard Kings and Brandt Nicholsons.

To share a repast hosted by Mr. and Mrs. Ralph E. With of Orinda will be the William Lords, also of Orinda, and the John Ridells coming from Mill Valley.

In Walnut Creek, the Edward L. Merrils, at their home, will share host and hostess duties with the Robert A. Millers, also of Walnut Creek. Guests at their gathering will be the John Aucotts, W. D. Barretts, Fred E. Cochrans, Ed Furlongs, Thomas E. Graves.

More on their guest list for notables and a tasty buffet will be the William Harringtons, Thomas Haspers, B. W. Kimbroughs, Paul Matthewses, George Nashes, Fred Sanders, Robert D. Summers and R. W. Wheaton.

The Lafayette home of the junior Roy Mortensens will be the setting for another earlier party with Mrs. Martha Accardi, Mr. David Lewis, the Joseph Arrigos, Dean Holdens and Richard Reeds of Lafayette meeting with the couple's Oakland guests.

High School Fashions to Be Featured

Clothes to delight the young in heart will be shown at the Sub Deb fashion show sponsored by the junior branches of Children's Hospital of the East Bay on Saturday, October 3.

Scene of the show will be the Gold Room of the Hotel Claremont starting at 2:30 p.m.

Following tradition, 32 models have been selected from the ranks of the junior branch members scattered throughout Alameda and Contra Costa county.

Intermission entertainment will be especially aimed at the high school crowd, featuring Ricky Cronk, Piedmont high school student who will play the Spanish guitar and sing folk songs.

Also featured will be Judy Nordmark of Bud Branch, who will sing "I Enjoy Being a Girl."

A rock 'n roll trio who write some of their own music will also entertain. The trio is known as "The Pendleton Mark III" and includes Scotty Scott, Tom Cooper and Wilbur Figueira, all from Lafayette.

Commentary on the show will be made by Mrs. Augustus Guy of Berkeley. A Berkeley specialty shop will provide the clothes and the mistress of ceremonies will be Pam Street of Oakland, a member of Hickory Branch. Musical backround will be provided by the Gordon Heche orchestra.

Local sub-debs and members of junior branches who will be modeling at the event include Katy Baker and Nancy Gosch, Ailanthus, Orinda; Ann Evans and Dee Garfield, Daphne, Lafayette; and Marlee Chamberlain and Judy Thorstenson, Genista, Walnut Creek.

Tickets may be purchased for $1.25 from any branch member or from the office of the branches at 731 52nd Street, Oakland. All proceeds from the fashion show will benefit the part-pay program at Children's Hospital of the East Bay.

Orinda Branch Plans Series of Three Lectures

Three outstanding events are scheduled for the fall and winter season by Orinda Branch of Children's Hospital of the East Bay.

All of the events part and parcel of the branch's annual lecture series—will take place at the Orinda Country Club.

First of the lectures will be held on Tuesday, October 20, when Mrs. Gladys Terry of Sacramento, well-known for her contributions to the National Geographic Society magazine, narrates a colored film on South Arabia.

Mrs. Terry is an authority on the territory, having the distinction of being the first white women ever to invade this country.

Second of the series will take place on Tuesday, November 24, when Mrs. Hugh Brereton, Peer Branch member of Piedmont, and her mother, Mrs. Eldridge Green, Hill Branch member, also of Piedmont, will team up to present a holiday-themed program.

Mrs. Brereton will create special flower arrangements for Thanksgiving and Christmas decoration, while Mrs. Green will give a reading, "A Traditional Christmas, Please!"

On Tuesday, January 26, Mrs. W. Blair Smith of Oakland, will give a book review on a current best seller. Mrs. Smith is known for her monthly reviews given before the Stanford Women's Club of the East Bay.

All of the lectures will begin at 10:30 a.m., according to Mrs. James Beatty of Orinda, chairman of the lecture series.

Reservations may be obtained by calling her at CLifford 4-2062. A ticket for all three of the series is $5. All proceeds will benefit the hospital's part-pay program.

Auxiliary Meet Set for Tuesday

Mrs. William Flood, president of the Women's Auxiliary of the Concord Community Hospital, will preside at the regular meeting at "Chubby" Humbles on Tuesday.

Mrs. James Fears and Mrs. Ralph Kirk, chairmen of the dance committee will present the final plans for the group's fall dance entitled "Moonshiner's Jamboree," which will be held at the Concord Elk's Hall October 17.

Included in their plans is a table of hors d'oeuvres prepared by the auxiliary members, which will provide snacks for the guests throughout the evening.

Ticket chairmen Mrs. William MacFarlane at MU 5-7668 and Mrs. John Garavanta at MU 2-1299 may be contacted for tickets.

Sun Society

Pi Beta Phi Alumnae Set Dessert Bridge Benefit

Pi Beta Phi alumnae and their friends will gather at 1 p.m. on Wednesday for a dessert bridge that will serve to put a mountain boy in Tennessee through school for another year.

The benefit party will be held poolside in the lovely gardens of the M. Pierce Milton home at 4037 Happy Valley Road, Lafayette.

The national sorority of Pi Beta Phi has for some years worked with the people of the Smoky Mountain community of Gatlinburg, Tenn., to preserve and support the nearly-lost native American handcraft of the region.

The program quickly expanded to one of aiding with the health and education of the isolated mountain folk.

The Contra Costa chapter of Pi Beta Alumnae has become the first such chapter to pledge its financial support to a particular student.

On display in the Milton home will be the "Arrowcraft" or fine work of the mountain people that the Pi Phis nationwide annually offer for sale.

True Americana in the form of woven baskets, fireplace brooms, lush woven fabrics, skirts, aprons, tableclothes, napkins, hand-carved wooden pieces and figures, all the work of skilled artisans, will be shown.

Guests at the bridge benefit will be able to shop early and will for Christmas.

Among those who will attend are the committee members, Mrs. George Dibble and Mrs. F. Robert Preece of Lafayette and Mrs. R. E. Bernard and Mrs. William Cannon of Orinda.

Making up tables will be Mrs. Fred Lattice of Oakland, Mrs. O. T. Buffalow, Mrs. Robert E. [illegible]vis, Mrs. Roger Willet, Mrs. Glen T. Noyes, Mrs. Charles M. Strong, all of Orinda.

Bringing friends from Walnut Creek are Mrs. Irving R. Kraemer and Mrs. John Le Gros.

Get Out and Plant Those Trees, Men!

St. Mary's Initiates 301 Frosh . . . With Pine Trees!

Saint Mary's College sophomores who last year, as lowly frosh, made nationwide headlines with their telephone-booth-cramming are still blazing new trails. They've abandoned pranks and paddles in favor of what is probably the most constructive initiation project ever undertaken on a western campus.

Last Friday, they assembled 301 quaking-kneed freshmen in front of the dorms for the start of traditional initation rites . . . marched 'em up the sear, barren slopes of "Mount Van," the hill which forms a backrgound for the Moraga Valley campus . . . and put them to work . . . planting trees — 1000 pine seedlings.

PLANNING FOR the closely-kept secret project was begun July 20, under the direction of Gary Giacomini of Belvedere, soph class president, and John Parziale of Imperial Beach, initiation chairman. The class officers were assisted in implementing their plans by Brother Dennis, F.S.C., and Brother Carl, F.S.C., student body moderator.

(It is interesting to note that Giacomini was one of those originally scheduled to be crammed into the famous telephone-booth, but was bypassed at the last moment in favor of a smaller man.)

Equipment for the massive conservation project was supplied from several sources: 1000 trees from the state of California; shovels, picks, mattocks, post-hole diggers, wire stringers, wire-cutters, etc. were supplied variously by East Bay Municipal Utility District, Utah Construction Company, and the Sheriff's Office of Contra Costa County.

IN PREPARATION for the "initiation," members of the sophomore class laid 500 feet of water pipe up the side of Mount Van earlier in the week, so that the newly planted trees can be kept watered until the rains come.

The work, begun officially September 16, was interrupted by rain. The freshmen, already welded with full-blown class spirit as a result of their unique initiation, worked on for 30 minutes in a driving rain, reluctant to leave without finishing the job.

They will climax their project by carrying rocks to a point near the summit of Mount Van to build a giant stone '63 as a permanent monument to their labors.

INCIDENTALLY — this, the class of '63—will be the centennial class of the college, which will celebrate 100 years of teaching men in 1963.

The freshmen were divided into seven crews: to dig holes, to place stakes, bucket brigade for peat moss and topsoil, to string wire, to cut and sharpen stakes, to carry trees up the hillside.

They will use, altogether: 100 seedling pine trees, 1000 stakes, 160 posts, 6000 feet of barbed wire (to protect the hillside from the encroachment of cattle on surrounding grazing land), 500 buckets of combined peatmoss and topsoil for planting.

Mount Van is the unofficial name of the hill immediately behind the chapel and administration building at Saint Mary's, forming a background for the campus. It was named for Brother Vantasian, F.S.C., who was for many years a member of the college faculty in Oakland and after the move to Moraga. He once served an interim two-year term as president of Saint Mary's, and was formerly head of the commerce department at the "old brickpile" in Oakland.

Automation, Smut Will Get PTA Attention

A psychologist-educator who is at home in the industrial world will describe the role of women in the age of automation at the 32nd Parent-Teacher Association district meeting Monday at 11 a.m.

Mrs. Anne H. Miller, coordinator of industrial education, Contra Costa Junior College District, will speak in the new creative arts building, Pittsburg High School, Pittsburg.

The talk will follow a 10 a.m. business session. Mrs. Robert T. Adams of Lafayette, 32nd PTA district president, will preside.

IT WILL BE the first of five principal meetings planned for the 1959-1960 term, arranged by the district program chairman, Dr. Drummond J. McCunn, superintendent of the junior college district.

Mrs. Miller, a former consultant and clinical psychologist for the Chicago board of education, was for 10 years a free-lance consultant to Illinois industries.

Her post-graduate studies in clinical and industrial psychology at University of Chicago were taken after she earned a master's degree at Columbia University.

In Contra Costa County she has set up and often taught, a battery of courses for management and labor offered in the two junior colleges.

THE EARLIER business meeting will be devoted to the district's current campaign against pornographic literature and salacious magazines, along with a report on juvenile safety.

Recommendations on unfit reading material accessible to juveniles are expected to follow a report given by Mrs. N. E. Zenk of Martinez, juvenile protection chairman.

Mrs. Norman Hawkins, Lafayette, district safety chairman, whom the county board of supervisors appointed to the Contra Costa student protection committee, will discuss developments in safety crossings and related matters.

District President "Chris" Adams said she will announce plans for the November visit of the state president of the California Congress of Parents and Teachers.

Your Garden

Many Trees Available For Colorful Fall Here

Are fall trees ablaze with color in your garden? Or will they be in the coming weeks?

If the answer is "no" to both of these, perhaps you'd best take a new look at how to achieve this seasonal joy.

YES, WE KNOW that California's mild fall weather often precludes the possibility of autumn hues—especially in milder areas along the coast.

But we've also checked some of the trees suggested by the California Association of Nurserymen for fall color in California and found them lacking in nothing — even where the ocean's moderating influence tempers the bite of an early cold snap.

Surest to set your landscape ablaze with color are sweet gum, maidenhair and Chinese pistache. They are all moderate growers and will fit most gardens with ease.

SWEET GUM COLORS up in a remarkable array of bronzy reds and oranges and is all the more remarkable because no two trees seem to color up just alike. Choosing one at the nursery during the coming weeks will give you a preview of what to expect.

Chinese pistache, also red of leaf, needs staking when young but will support not only itself but the autumn color scheme when it grows up.

The graceful maidenhair tree is a handsome specimen at any season and a knockout in the fall when its fan-shaped leaves turn brilliant yellow.

OTHERS THAT COLOR nicely when fall foliage is desired are the spring-flowering Japanese cherries and the scarlet oak. Like the above three, these are good in any location, though the cherry does better in northern gardens.

Inland, or anywhere that a brisk fall can be hoped for, the stately Lombardy poplars turn bright yellow. And foothill gardeners know how fiery our native Dogwood can be.

There are others that shouldn't be overlooked, so don't stop here. Check them all.

Gardeners Can Spray Begonias For Mildew Again

Here is what area gardeners should be doing this week:

Feed tuberous begonias again and spray for mildew if it shows up. These will give another month of color in some areas.

Plant ranunculus and anemones now. For a striking effect, intersperse them with tall bearded iris. The bloom usually overlaps.

Don't delay another week on winter annuals. The closer it gets to winter, the less chance you have of getting their color before spring.

Hold off on rose feeding from here out. If fall bloom is less than spectacular, you can vow to take better care of them next year.

Seed new lawns. Renovate old ones. In either case, cover the seed with peat and keep it moist at all times.

Bird Watchers To Hear Talk On Indians

The regular meeting of the Mt. Diablo Audubon Society will be held Thursday in room 201 Las Lomas High School, at 8 p.m.

Glen Shanks will be in charge of the program. His topic will be the Papago Indians of south central Arizona. He will illustrate his talk with pictures he filmed on a recent vacation through the area.

October 4 the society will make a field trip to the "sewer farm" which is slightly east of the junction of Highway 21 and Arnold Industrial Highway and north of the town of Pacheco. The meeting time will be 9 a.m. at the headquarters building.

Beverly Wilder and Mr. and Mrs. Jack Reynolds are trip leaders.

Standard equipment for birders is stout shoes, binoculars and lunch.

This will be a good place to see wintering water fowl at close range. Anyone interested in birds is welcome. For further information call Bev Wilder, YE 4-6353.

Mrs. Hellum Is Supervisors' Ass'n Speaker

Mrs. Bertha D. Hellum, Contra Costa County librarian, will speak today in San Jose at the annual conference of the California County Supervisors Association.

City-county contracts and county service areas, specifically pertaining to the operation of public libraries, will be her subject.

Contra Costa County has become noted for utilizing legislative provisions whereby city and county governments may solve some of the problems in providing needed library service in rapidly growing metropolitan areas covering both incorporated cities and unincorporated territory, she said earlier.

WC Women Open Homes To Aid Library Project

The question heard most frequently these days where ever members of the Women's Club of Walnut Creek get together is "When are you giving your party?"

For October is party month, and club women, in an all out effort to complete their library reading room project, are entertaining guests who will donate to the fund, which will be used for furnishing the adult section of the new library soon to be built in Walnut Creek.

MEMBERS ARE opening their homes for coffee parties, dessert luncheons, bridge, teas, pot lucks, garden parties, and all manner of get togethers.

The ways and means committee, Mrs. Mel Heinz, Mrs. Robert Nelson, and Mrs. Charles Dennis, is sponsoring the series and is making plans for a dessert bridge at the club house in November which will complete the round of entertainment.

Assisting with the final party will be Mesdames E. F. Valentine, Roy Coats, and George Kewin.

ALREADY ON the hostesses list, with many more to make their plans are Mesdames W. S. Palmer, M. H. Daniel, Ray Rosel, George Fox, Robert Samuels, Arthur Larson, Edward Losh, A. Hortsmann, Charles Spears, H. H. Harmon, M. Bolender, Orin Boslar, E. Holman, Sherman Camp, E. R. Bells, C. B. Young, F. C. Hartley, Frank Scothorn, W. H. Winfree, George Kewin, J. V. Shahbazian, Claude Smith, Julius Loeb, Howard Adams, C. C. Geist, and Stanley Darrow.

The date book is being kept by Mrs. Robert Nelson, YE 5-0876 for anyone wishing further information.

Shirley Jones Is Wed To Donald Ralph Ong

Shirley Jones and Donald Ralph Ong were married recently in the First Presbyterian Church of Concord, with the Reverend James Upshaw solemnizing the rites.

The bride is the daughter of Mr. and Mrs. Arvil O. Jones of Concord, and Donald's parents are the Ralph O. Ongs of 639 Los Palos Drive, Lafayette.

Shirley was given in marriage by her father, and she wore an ivory gown of Italian silk with a church aisle train. The lap was of pearl studded lace, and the gown had a sweetheart neck and long lace sleeves. The ivory fingertip veil was topped with a crown of pearls. Her bouquet was of white stephanotis with two cymbidiums in the center.

She was attended by Susan Griswold as maid of honor and Rita Hooper, Jo Heigele, Judy Laird and Ellen Wilde as bridesmaids.

The attendants wore dresses of sky periwinkle blue with sweetheart necklines and harem skirts and satin shoes dyed to match. They carried cascades of coral antheriums.

Lieutenant (j.g.) Richard Ong was his brother's best man, and the ushers included John Huffman, Richard Jones, John Flaherty and Jerry Coakley.

Miss Robin Green was flower girl and the ring bearer was Randy Blanton, Shirley's cousin.

The newlyweds are both graduates of Acalanes High School and Oregon State College, where Shirley was affiliated with Kappa Alpha Theta sorority and Don was president of Phi Kappa Psi fraternity.

The garden reception was held at the home of the bride's parents.

Shirley and Don are at home in Walnut Creek following a honeymoon trip to Carmel.

Alan Dunham Engagement Announced

Open house at the bride-elect's parents home served to announce the enagement of Alan Thurston Dunham of Canyon and Roberta Ann Miles of Oakland, formerly of Lafayette.

They will be married next summer.

Alan is a graduate of Acalanes High School, and is majoring in architecture at the University of California, Berkeley. He is a member of Phi Kappa Tau.

Lombardy Dinner Dance A Hit With Localites

By MARIE MONAHAN

For the first time in years, the Weatherman tried to put a damper on the traditional Lombardy Branch dinner dance. He didn't succeed.

For despite last-minute maneuvers necessary to move the Children's Hospital benefit party indoors of the Orinda Country Club, 'the people make the party" and the guests at this one ALWAYS guarantee a good time.

Party chairman Mildred Laws had put plans for last Saturday's "An Arabian Night" in order since last June but because of the long rain on Friday, found herself scrambling for new plans and seeking other entertainment in lieu of the game booths which usually dot the lawns of the club grounds outside.

The huge pink tent contracted for earlier, was cancelled and the club genially helped to accommodate the catering crew who served the steak barbecue dinner in two sittings.

Travel posters from Morocco, Istanbul and other mysterious places decked the walls of the club interior. . . In the foyer, busy at ticket taking were the Dick Kendalls of Orinda, he assisting his spouse Joan and looking like the Shiek of Araby with a white percale case for his costume. Husbands of members donned Arabian-type headdresses for the fun of the evening.

Arriving from an early potables party given by Ramsey and Eleanor Underwood at their Happy Valley home were Don and Kathy Norman. Tom and Shirley Booth and the Howard Inmans, all of Lafayette. Eleanor Underwood was a standout in a black and white scoop-necked frock with a wide cumberbund.

Another contingent of localites shared cocktails and conversations at the Happy Valley home of the William McGuires, Bobbye McGuire, petite publicity-head for the hospital branch, was busy with introductions and party details during the evening wearing a black cashmere cardigan collared in white mink.

Guests of the McGuires, all dining together at a long table, were the Larry Dodges, Donald Doyles, Ferris Fains and Phil Knoxes, all of Walnut Creek. Gerry and Marge Ball were in the same group, too, and telling of their new home in Ygnacio Valley. Another pair of enthusiasts about **THEIR** new home were Bud and Kay Wanous whose handsome house on the Diablo Club's sixth fairway will be ready for the move-in in about two weeks. At this table, too, the Armand Werles of Walnut Creek with Marge drawing compliments in a blue sheath wtih floating panels.

Dr. Robert McEligot and his wife Nan introducing their weekend houseguests, the Robert Crocketts of Kingsburg . . . Edith Scatena of Orinda in a beige sheath, cowl-collared in organza. . . The Tom Connellys of Orinda with the James Kilpatricks of Lafayette. . . Nancy and David Burrington of Walnut Creek whirling on the floor. . . The orchestra of Paul Faria wearing brass-buttoned fire-engined red coats. The Gerald Awes of Lafayette, who also hosted an earlier conclave at their Happy Valley home, chatting with Phebe and Bud Stewart.

The latter couple to fly to the Orient in October with a planned stopover in Honolulu to visit former Lafayettans, the John Wards. One of the most unusually and attractive costumes noted on Barbara Rieser of Orinda who wore an Italian knit sweater, pale blue, topping a white softly-pleated organza skirt, an ensemble bought for her by her husband Jack when he was in Rome early in the year.

If a thousand and one "Arabian Night" stories were told, there would always be eager listeners, and rain or not, if a thousand and one Lombardy parties were given, there will always be eager, and appreciative, guests.

Women to Meet

The Walnut Creek Women's Club will hear a county administrator's office employee speak October 6 at 10 a.m. in the clubhouse.

DUCK HAWKS

When in pursuit of prey, duck hawks reach a speed of between 170 and 200 miles per hour, according to the National Automobile Club.

Rams of Pleasant Hill Take San Ramon Wolves in 'Game of Week'

The local preps got in their first varsity play, although all but Miramonte were forced to postpone play until Monday due to heavy rains last weekend.

The Acalanes Dons and the Pleasant Hill Rams set the stage for an early season "titanic" when they meet tonight under the Rams' new arcs.

THE DONS, playing at home last Monday afternoon, ran and passed their way to an impressive 39-6 win over the hapless Alhambra Bulldogs.

The game started off in slam-bang fashion with the Dons taking the opening kickoff and, on the second play, halfback Chris Rinne found an opening and scampered 73 yards to paydirt as he outdistanced the field once in the open.

The Dons kicked off and the Bulldogs roared back with a touchdown of their own when fullback Robert Greene ran 80 yards to the end zone. That made the count six-all as both clubs failed on the conversion try.

ALHAMBRA DROVE deep in Don territory after holding the Acalanes team, but fell short as the Dons took over on their own 18 and put on a sustained 82-yard scoring drive that found halfback Stu Fox going around left end for the final four yards.

Bill Jencks, who missed the first conversion, split the uprights with this one, as he did the next two.

End Bob Lockey set up the next touchdown when he intercepted an Alhambra pass and returned it 30 yards to the 15. Two cracks at the line netted four yards and then the touchdown came when quarterback Tom Strain hit Rinne with an 11-yard pass.

ALHAMBRA TOOK to the air in an attempt to get back into the ball game, and once again it backfired when Jencks intercepted on the Dons' 28. Ten plays brought the ball to the eight-yard line and with 12 seconds on the clock, Strain once again found Rinne with a pass for another six, and the half ended with Acalanes ahead, 27-6.

In the second half, quarterback Don Nelson took the ball over around left end on a keep good for nine yards and a score. A 75-yard scoring drive in the fourth period found Strain tallying on a quarterback sneak for the game's final score.

The Pleasant Hill Rams displayed a fine brand of ball in their opener as they fielded a hard driving club which showed a stout defense as well as a versatile offense to rap the invading San Ramon Wolves, 34-2.

RAM QUARTERBACK Jim Maples put on a good ball handling and ball-toting display. Maples put the home club on the scoreboard early when a poor punt gave Pleasant Hill the ball on the visitors' 20.

On the first Ram play he took the ball around left end for the score. The conversion was good and it was 7-0.

The Wolves came back with a strong running attack only to run out of gas on the Rams' one-foot line when halfback Dave Shepherd put on the key tackle. Seconds later the Wolves had two points on a safety when the Rams' center passed the ball out of the end zone.

THE RAMS HIT for three scores in the second quarter with fullback Roger Faulk getting one on a 12-yard sprint around left end, while Tommy Webb, halfback speedster, scored the second when he took a reverse around the same end for 15 yards.

A recovered fumble put the Rams in position on the invaders' 8 with 24 seconds on the clock. A jump pass from Maples to end Dick Doyle put another six, making it 28-2.

The Rams rolled up yardage in the third quarter but a stout San Ramon defense made the crucial plays to stop them short of the goal.

THE FINAL RAM touchdown came in the fourth period of play when Webb intercepted a pass and ended up on his own 31, setting the stage for a 69-yard Ram touchdown drive which was climaxed when quarterback Archie Allison tossed a 16-yard pass to halfback Terry Hughes with 17 seconds left on the clock.

Las Lomas, making their grid debut for the '59 season in an afternoon game at the Walnut Creek field last Monday, found the going on the rough side as Oakland High emerged victorious, 20-0.

Three fumbles early in the game set the Knights back on their heels and they never regained their balance. The Oakland Wildcast touchdowns came after a pair of Knight fumbles and a blocked punt.

Eager Beavers' Shoppe Has Fall Bargain Buys

Rain or shine, customers are finding their way to the Eager Beavers Thrift Shop at 3437 Mt. Diablo Boulevard.

Just a little place but jam-packed with some of the best buys in Lafayette. Items for the entire family.

With the holidays just around the corner of the calendar, we know that some of the early bird shoppers will be interested in the dishes that have been pouring in.

SOME FULL SETS in perfect condition, and many lovely odd pieces suitable for gifts. One beautiful platter that can hardly wait for a golden brown turkey to be placed upon it.

Come fall, we have the inspiration (like everyone else) to take an inventory and determine what improvements can be made around the place.

We have just installed a hat and handbag bar right in the front of the store near the jewelry counter, for greater convenience, as a starter.

THE KITCHENWARE and dishes have been brought into one department. One section will soon be devoted entirely to men's and boys' clothing and accessories.

Another for women and little girls. Our pride and joy, "for babies and mommies only" is due also for a better display and accessibility.

If you are thinking of doing any painting and refurbishing, come down and take a look at our Latex paints and household decorations. Lamps, drapes, etc. We have them.

IF YOU ARE starting again on rug making, we have a very large selection of woolen coats in a wide range of colors to choose from.

This is just a sample of the stock that we carry, and as usual if we do not happen to have what you are looking for, leave your name, address and phone number and we will notify you when it arrives.

Return Your Therapy Center Appeals Now!

Early return of Mt. Diablo Therapy Center appeals mailed this month to 60,000 Contra Costa residents, was urged today by John E. McKirahan, president of the center's 1959-60 membership drive.

"Your non-profit Contra Costa community-supported rehabilitation center needs your help," McKirahan said.

"Although response so far has been heartwarming, demands on the center have grown enormously and funds are urgently needed to meet current expenses," he said.

County Schools Bulge: Moraga Adding 61%

A total of 4044 additional students entered school in Contra Costa County this fall, boosting the enrollment to an all-time high of 107,587.

The gain over last year's spring enrollment of 103,543 is 4 per cent.

County Superintendent Floyd Marchus said some individual districts gained rapidly: Moraga, 61 per cent (from 170 to 274); Alamo, 17 per cent (835 to 977); Sheldon, 16 per cent (987 to 1143); and Pinole-Hercules Union, 12 per cent (2817 to 3146).

Junior high-school enrollment likewise increased sharply in four districts, and Contra Costa Junior College day student attendance rose 9 per cent.

Secondary school enrollment increased by 13 per cent in San Ramon Valley High School District (776 to 881), 12 per cent in Mt. Diablo Unified District (8874 to 9959); 11 per cent in Acalanes District (3383 to 3759); and 9 per cent in Pittsburg Unified (1806 to 1970).

Day students at the two junior college campuses were up from 3401 to 3701. This is 29 per cent increase over two years ago when 2899 enrolled.

School opening enrollments by local districts is as follows: Alamo, 977; Canyon, 33; Lafayette, 4348; Moraga, 274; Mt. Diablo Unified, 17,562; Orinda Union, 3156; San Ramon, 70; Walnut Creek, 4392.

High schools: Acalanes Union, 3759; Mt. Diablo Unified, 9959; San Ramon Valley Union, 881.

Contra Costa Junior College, 3701; county total including junior college, 107,587.

Inland Deer Hunt Opens

Sportsmen can expect deer hunting opportunities at least good and in some areas better than last year as the inland deer season opens tomorrow to continue through November 1, William E. Warne, director of the Department of Fish and Game said today on releasing the department's pre-season prediction of deer kill prospects.

Warne cautioned that the fire hazard continues extreme statewide, and urged all hunters to check at state forestry camps or at local ranger stations for campfire permits, and to determine current, local fire danger ratings before going afield.

Due to the general shortage of water throughout the state, Warne reminded hunters to carry water supplies with them into most areas.

"Cooperation is requested in the matter of camping at waterholes. Please remember that all living things suffer without water. The presence of people and equipment within 300 yards of springs and sumps often prevents wild animals from using the water facility," he said.

In many state areas forage is below normal because of the extremely dry year. In the north, water supply is not a major problem in the Trinity-Humboldt-Del Norte area.

Logging operations promote the growth of browse. Forage in the grasslands and the chapparal belts has suffered from the drought, however.

Nine Golf Clubs to Enter 'Babe' Zaharias Memorial

Nine Contra Costa county golf clubs will participate in the first annual statewide Babe Didrikson Zaharias Memorial Fund golf tournament in October, it was announced today.

They include Tilden Park Golf Club, Richmond Golf Club, Orinda Country Club, Pittsburg Golf and Country Club, Meadowbrook Golf Club, Contra Costa Country Club, Antioch Golf Club, Mira Vista Country Club and Diablo Country Club.

THE DATES of tournament play will be October 16 to 25, inclusive.

In memory of Babe Didrikson Zaharias, all proceeds from the tournament will be devoted to the American Cancer Society's program of research, education and service to cancer patients.

The appointment of a county-wide tournament committee headed by Don Doten, president of the Orinda Country Club and moving force behind many colorful central Contra Costa golf tournaments in the past, was announced today. Assisting Doten on the committee will be Hy Hennings and Fran Watson of the Orinda Club, and Pat Patten, pro at Orinda.

CHAIRMAN Doten said details of the tournament in Contra Costa will be announced next week.

Doten also is county representative on the California state tournament committee, of which Lawson Little is chairman. Other state committee members include Major General John R. Deane, USA, (Ret.) president, California division, American Cancer Society.

Ken Venturi, Harvie Ward, Robert E. Hanna, Guy Bellitt, Mrs. Edwin C. Berg, Anderson Borthwick, Robert J. Cardinal, Mrs. Mehitabel Chambers, Harold A. Dawson, Mike Dougherty, Eddie Duino, Tom Fry, Miss Betty Hicks, George Lake, Mrs. Helen Lengfeld, Tommy Lo Presti, Dave Martin, Pat Markovich, Chuck McHugh, Joe Mozel and Bud Oakley.

THE NORTHERN California Advisory Committee for the tournament includes Robert A. Roos Jr., chairman; Hon. Clarence L. Azeveda, mayor of Sacramento; Hon. George Christopher, mayor of San Francisco; Mrs. Burham Enerson and Mrs. Calvin Tilden.

On the national level in the tournament are committee members Mel Allen, Steve Allen, Abe Burrows, Bob Cooke, Bing Crosby, Ben Hogan, Max Kase, Leonard Lyons, Rocky Marciano, Phil Rizzuto, Red Smith, J. G. Taylor Spink, Bill Stern, Ed Sullivan and Bob Sylvester.

Babe Didrikson Zaharias, in whose memory local golfers will compete on a friendly basis for lowest scores, died of cancer on September 27, 1956. She was the world's greatest woman athlete, and she won her greatest fame in golf.

"THE BABE'S" career really began when she was just a youngster playing sandlot baseball with the neighborhood kids in Dallas.

She whacked so many home runs that they nicknamed her "Babe" after baseball's immortal Sultan of Swat, Babe Ruth, who, incidentally, also died of cancer.

HARDTOP HI LITES

Midgets, Hardtops Thrill Fans at Contra Costa Oval

By JEAN McGUIRE

Another 25 lap main event victory at Contra Costa Speedway in Pacheco put BCRA point leader Johnny Franklin of Santa Rosa, still further up the point ladder. Franklin, who has run almost neck in neck with former champ Gene Dudley of Napa, for several weeks, is steadily pulling ahead.

Following the Santa Rosa Jet to the finish line was Steve Mentch of Oakland, and Buzz Ball of San Francisco. Local drivers in this race were Jack Huddleston and Hugh Payne of Concord, and Jack Clayton of Pleasant Hill.

CLAYTON'S NUMBER 71, was one of the four fastest qualifying cars, was involved in a crack up in the fourth heat. The car was able to make it out again for the main event, only to be hit again and escorted out via tow truck. (Some days it just doesn't pay to . . . etc, etc.) Hugh Payne was also flipped during this event.

Winner of the trophy dash was LeRoy Geving of Petaluma, followed by Chet Thompson of San Lorenzo.

First heat bouquets went to Wally Baker of Sacramento. Second was Leroy Geving, and hard on his wheels was Johnny Franklin.

San Jose's Johnny Foland was the winner of the first heat, followed by Nelson Snow of San Pablo, and Gil Richardson of Pleasant Hill. Richardson, incidently, drives that good looking red bomb, number 27, and has just joined the ranks of our hometown boys. The hardtop veteran is formerly of Vallejo.

CONCORD'S BRAD McGuire was out in a new car for the first time this season, and did quite well we might add. McGuire led the semi main for several laps in his blue Bob's Sharp Shop number 77, before blowing a tire.

The winners of the midget half of the program are as follows: In the trophy dash, Chuck Booth of Sacramento, driving number 75. The first race ended in a dead heat between Uncle Dudley Hewitt, number 95, and Don Garcia in 97.

Johnny Baldwin in 3X was first to take the checker in the second heat, followed by Chuck Booth in number 75. In the semi it was Tom Clark in 77, and Les Stark in number 16. Winner of the main event was Johnny Baldwin, followed by Chuck Booth and Dave Moses in car number 5.

TO THOSE of you who are interested, the winner of that thrilling 100 mile Grand National Stock Car race at the Sacramento Fair was Eddie Grap in a 1959 Ford. And what a beautiful race he drove! Second was Scotty Cain in a '59 Thunderbird, and third was Bob Weinburg in a '59 Merc.

The track was dusty and dangerous, but there were only two accidents. Arley Scranton, who flipped his '57 Pontiac completely over in the 58th lap, and Jack Austin who took his new Ford through the steel guard rail and smashed into a tree in the 86th lap.

Neither driver was injured. Twenty six cars entered this race and only four of them finished. The Ford products did themselves proud in this grueling contest.

Acalanes, PHHS Games Top Prep Grid Contests

By ERWIN MATTSON

The preps had trouble with the weatherman last Friday as torrential rains turned the gridirons into quagmires and resulted in postponements for the most part.

The end result was that most tilts were reset for last Monday afternoon and evening.

THE WEATHERMAN predicts clear weather for today, however — at least no rain and that means clear sailing for the preps — as far as playing goes.

Miramonte head coach Bob Brooks is busy readying his charges for their first home game with Pacifica.

They lost their opener at Clayton Valley, 27-0, and they have to put things together if they are to tip the visiting Spartans, who defeated Riordan High, 6-0, in their opener.

THE SPARTANS appear to lack strength in the forward wall, while their big gun in the backfield is hard running fullback Bill Mattson, who was a workhorse in the Riordan game.

Coach Brooks and his aide, Don Phillips, are doing a bit of shifting in personnel.

Charley Pfeifer is slated to move up to first string center, with Rob McLeod going to right tackle. Bud Boeger moves from right tackle to the same spot on the left side.

THE ONLY INJURY from the Clayton Valley game was tackle Jim Botto, who came up with some sore ribs, but chances are he will be ready for action in this afternoon's game.

Acalanes meets up with the Pleasant Hill Rams tonight, and this should draw a full house. Both were impressive in their openers as the Rams waxed San Ramon and the Dons did likewise to the invading Alhambra Bulldogs.

The Rams have a powerful ground attack with fullback Roger Faulk providing the power and Tommy Webb the top speed burner from his halfback spot. Jim Maples provides deception and good handling from his quarterback spot to make the ground attack go.

THE STORY COULD well be told up front, and it's here that the Rams have a weight advantage.

Don coaches Bob Stevens and Rolfe Williams have come up with a well balanced attack that gives indications that the Dons may come up with a few surprises of their own.

In senior Don Nelson and junior Tom Strain the Acalanes eleven have a pair of top flight quarterbacks who handle the ball well, run good and provide some fine passing.

STEVE LIENTZ, A regular end last year, may be ready for action for the first time tonight and could provide an added target for the aerial game. Thorton Smith and Bob Lockey did a bang-up job in last week's opener.

Chris Rinne, a diminutive speed burner, should provide an interesting duel with the Rams' Tommy Webb. Both are top sprinters in track and each is capable of going all the way once in the open.

Las Lomas has problems with few veterans on hand and head coach Duane Louis figures to be doing considerable experimentation along with shifting of personnel in the next three practice games.

COACH LOUIS WAS anything but pleased with his offense last week, but did have some praise for the defensive play of end Rich Miles, fullback Mike Hair and guard Steve White.

Work all week long has stressed fundamentals and a polishing of execution of both offensive and defensive maneuvers.

The John Swett Indians come to town tonight and they rate as one of the choices to pick up all the marbles in the East Bay Division of the Diablo Valley Athletic League.

THE INDIANS' POWER is rated to be up forward and that is where the coaches like to have it.

The Knights have ample size and as Coach Louis puts it, "We made enough mistakes for a whole season last Monday in our game with Oakland High. We will be better in tonight's go—and could win it."

Short on experience, but long on desire—the Knights could get into the win column.

KEN BERNHART, WHO has been playing fullback behind Mike Hair, moves over to a halfback spot as the only tentative change in the starting lineup.

The Knights came through without any injuries in last week's contest, so they are set to go at full strength.

San Ramon hosts Liberty High of Brentwood and while the Wolves lost by a one-sided 34-2 count to the power-laden Pleasant Hill Rams, they still showed a far more potent offense than the final tally indicated.

The feeling of the scouts who were on hand by the dozen was that the Wolves are still a tough ball club and once Coach Marvin Ashby gets some of the kinks worked out, they could spell TROUBLE in capital letters.

Brentwood appears to be down in personnel and relied on a lot of razzle dazzle in their game with Antioch last Monday. It proved to do little dazzling, however, as Antioch won, 18-0.

ONLY REGULAR to miss the Wolves' practice last Tuesday after the Rams game was center Milt Blake. In the event he isn't ready for the Liberty game, Dick Nedham will take over.

Other changes find Charley Haverscroft, at 6'2" and 170 pounds, moving to a starting spot at left end. He is a veteran regular from last season, but has been hampered with a gimpy ankle and this is his first start.

Bob Lang, at six foot even and 175 pounds, goes at a halfback spot and could give the Wolves added punch to an already good backfield. He has improved rapidly and has good speed.

LIBERTY, WITH ITS spreads and wide open game, should provide good spectator interest, but the San Ramon eleven looks to have too much all around ability, and could roll to a sizeable score in the season's first home game.

Coach Bob Muenter's crew down Piedmont way displayed power and finesse as they measured Fremont High last Monday, 26-6, in an afternoon game played at the Piedmont Oval.

The clan has been working overtime on fundamental techniques, with a scrimmage slated early in the week in order to get them ready for tonight's fray at Piedmont with Oakland High.

IT WILL CAST some light on the Highlander team as Oakland High won a comfortable 20-0 game from the Las Lomas Knights.

The clan has versatility in both their attack and personnel. As a matter of record, three different players scored touchdowns and they hit on the ground and through the air.

The Piedmont team displayed good defensive strength in their first outing and this phase of the game drew special commendation from the coaching staff.

All games tonight start at 8 o'clock sharp.

Synchronized Swimming Gets New Start in County

Local Swimmers Grab Pacific Championships

By LORRAINE SOLTAU

The national sport of synchronized swimming is a relatively new sport giving variety to the tried and true sports of speed swimming and diving.

This precocious offspring, synchronized swimming, is already showing itself to be a bright star of the future. Potential greats must have a firm foundation to build on and synchronized swimming has just that.

Many years of careful planning by national chairmen and their committees have established this sport and given it official rules and regulations rigidly followed by coaches and swimmers over the entire United States.

The U. S. synchronized teams have in turn toured the world, giving exhibitions and clinics proudly introducing this new sport with hopes and plans of international competition. As this sport grows with time and experience, improvements are continually being made to fit its every need.

The reactions of European spectators have affected these changes to a great extent. And so we have a sport developing to perfection before our very eyes.

All successful sports have rhythm, timing and control: football, golf, bowling, tennis, ice skating, etc. Perhaps the one sport that shows most clearly to eye and ear the importance of rhythm, timing and control is synchronized swimming. Any variance from the all important actual tempo of the routine reveals an inferior competitor.

For you open minded sports fans, here is a brief sketch of the official A.A.U. (Amateur Athletic Union) sport of synchronized swimming:

The annual sychronized swimming championships of the A.A.U. consist of indoor and outdoor championships both senior and junior classes.

The officials consist of a referee, a vice referee, a clerk-of course, seven judges for stunt competition (stunt competition is compulsory) five judges for routine competition, three scorers, an announcer, a person-in-charge of accompaniment, two timers, seven clerks, an underwater listener, and a press steward.

A synchronized swimming meet consists of two over-all groupings, (1) stunt competition, performed singly and in tank suits, and (2) routine competition, with music accompaniment, comprised of solo, duet and team divisions.

Judges award grades from 0-10. In the individual stunt competition the judges grade on precision of body movements and body control. This score affects the total score of the routine to follow.

Judges grade on routines cover (1) execution, the perfection of stunts and the synchronization of swimmers with each other and with the music accompaniment, and (2) style, construction of routine (pool pattern and transitions) costuming spectator appeal and originality.

The total score includes 50 per cent of stunt grade and 50 per cent of routine grade.

There are many pitfalls which the contestant must guard against. The referee administers appropriate penalties in the event of false starts performance of routine other than listed on routine sheets, failure of duets and teams to perform simultaneously the required stunts, exceeding time limits on deck and in pool, and failure to complete a routine.

In the event that the officials think a costume does not conform to the concept of the appropriate, the competitor will not be permitted to perform until donning an appropriate costume.

The National A.A.U. Official Synchronized Swimming Handbook lists all stunts by name and point value and describes the execution of each stunt.

At San Ramon Valley High School, Saturday, local girls cleaned up in the Pacific Association of AAU age group championships.

Debbie Howell of Howell swim school took first in the eight year old and under group while Kris Welshons took second and Kathy Ansbro, both of Howell took fourth.

Kim Welshons took a first in the 10 and under group with Patsy Rucher of Howell with a fourth.

In the 12 and under it was Dianne Howell with a first and Linda McFadden of Soltau Swim School with a fifth and Chris Curtola of Howell in sixth.

Renee McGowan of Pleasant Hill placed fifth in the 16 and under and Debbie Howell and Kim Welshons placed fourth in the duets novice.

Kay Jacobson and Sally Hunter of Pleasant Hill picked up a fourth in the novice duets and Chris Curtola and Kelly White held down sixth place.

The Howell Swim School team placed third with Chris Curtola, Debbie Howell, Dianne Howell and Kim Welshons on the squad.

The most encouraging aspect of this sport is that it offers itself to all ages, on both the competitive level and the do-it-yourself level for pure enjoyment, relaxation and the feeling of well-being.

Little children, teen - agers, housewives and grandmothers may all partake in synchronized swimming—the wonderful new sport of the present and the future.

Olde Professor Warms Up to Upkumming Tilts

By SOSS OPPLES

(Editor's note: We're continuing to print Old Prof Soss Opples' weekly picks, despite the fact that he came up with only a futile .615 percentage in his first week's choices. By the way, our society editor (who used her hatpin) came up with an .887 mark.))

The Olde Professod feels in fine fettle this week as he comes up with his super duper picks.

All eyes this week in local prep circles will be focussed on Acalanes at Pleasant Hill. The Pleasant Hill Rams proved the experts were right last week as they tabbed the Rams to be one of the area's best elevens.

THE RAMS DISPLAYED a sharp attack in rapping the Alhambra Bulldogs, 39-6.

This could be a top game, but the Rams have the edge in weight, all around speed and experience. **Tab the Rams, 20-13.**

Tennyson High plays Diablo at Concord and while the Devils tripped a not-too good Tech High of Oakland last week, the tables are reversed tonight. **It's Tennyson 20, Diablo 6.**

LAS LOMAS is having its troubles witha green club that dropped a 20-0 decision to Oakland High. John Swett comes to Walnut Creek tonight and it's an upset as the Knight's cop a 13-7 decision.

San Ramon is better than their score with Pleasant Hill indicates, and they hit the win column with a **32-6 decision** over visiting Liberty High of Brentwood.

Piedmont loves to be a power and just how strong they are will be shown this weekend as they meet up with the Oakland Wildcats. Pick the Wildcat to be tamed as the **Highlanders pin a 26-0 loss** on them.

IN COLLEGIATE CIRCLES, the Cal Bears have spirit and desire, but not enough to cope with the Iowa powerhouse. It's Iowa, 20-13. The Bears will hold their own the first half, but all around strength will prove to be their downfall in the second half.

(Editor's note: For this ignominous selection, dear old Soss, we have just revoked your membership in the Cal Alumni Association.)

Stanford takes a long trip to Wisconsin, but it's a longer trip back home as **they lose, 26-7.**

The 49ers get spilled by the Philadelphia Eagles, thanks to the sturdy right arm of the Flying Dutchman, Norm Van Brocklin.

IN OTHER COLLEGIATE games, it's Texas Tech over Oregon State, 20-13; Washington State nails San Jose State, 32-14; U.C.L.A. rests while Washington bops Idaho, 33-0. Pacific licks its wounds while resting for Stanford next week.

Army rolls to a 30-7 win over Boston College, and in case you care, Muhpenberg whips Lafayette, 29-14, while Yale edges Connecticut, 7-6. **(Aw, come on now!)**

DEPOSITS OF POTASH

The greatest deposits of potash in the United States are to be found near Carlsbad in New Mexico, reports the National Automobile Club.

Rinne Rates As Don Ace

Chris Rinne rates as one of the area's top runners based on his performance in the varsity opener of the Dons versus Alhambra.

The small but speedy junior halfback is a running threat and proved that he can go all the way once he gets the pigskin tucked under his arm. In addition he is a good pass receiver.

He was a standout as a frosh two years ago, but was off to a bad start in his sophomore year when a foot injury in the Alhambra opener sidelined him for the season.

He came back with a vengance Monday when he paced the Don attack 39-6 over the Bulldogs.

Grendon Named To New State Atomic Position

Alexander Grendon, 60-year-old retired army colonel who lives at 1 Crest View Drive, has been named to the new state post of coordinator of atomic energy development and radiation protection.

Governor Edmund G. Brown chose Grendon to clear the way for widespread industrial use of atomic energy in California.

THE POST WAS created by legislation sponsored by the governor and the new law, which becomes effective today, also requires registration of all sources of radiation with the State Department of Public Health.

Grendon is a research assistant at the University of California Radiation Laboratory, where he works on radiation and fallout problems with some of the top experts in the field. It was these experts who recommended him for the high post.

In his new job, Grendon will work with various state agencies to see that they do not conflict on any atomic controls or regulations. He will also recommend legislations and begin a public information program.

THE ORINDAN was an engineer and insurance agent before entering the army in 1940. He holds an advanced degree in engineering from Columbia University and a master's degree in bioradiology from the University of California.

He is working for his doctorate in biophysics at Berkeley, and was deputy commander of the army's chemical corps research and engineering command when he retired in 1954.

Great Books Group Meets In Orinda

A great books discussion group to serve the Orinda area opened the year with its first open session Monday night, when registration was accomplished and a demonstration session, using the Declaration of Independence, was conducted.

The leaders and organizers of the new group are Harry Wistrick, 116 Crestview Drive, and Ray Feichtmeir, 481 La Vista, Walnut Creek.

THEY SAID there are no fees or education prerequisites for joining. The group will meet informally for 16 sessions, two hours every other Monday night, from 7:45 to 9:45 p.m.

Books to be discussed during the year include selections from Plato, the Bible, Shakespeare's "Macbeth" and Tolstoy's "The Death of Ivan Llych."

Wistrick and Feichtmeir are trained volunteers and will function as discussion moderators rather than subject matter authorities, according to the Great Books Foundation, sponsor of the national program of free adult liberal education.

"WE THINK the discussion group offers a way into investigating for oneself some of the most profound ideas of Western man," Wistrick said.

Persons desiring further information can call Wistrick at CLifford 4-4677 or Feichtmeir at YEllowstone 4-7331.

Science Seminar At Miramonte Is Scheduled Soon

Acalanes High School trustees gave their approval this week to a plan to conduct a Community Science Seminar at Miramonte High School.

The seminar will be held for advanced science students at the school and will feature lecture and small discussion groups led by scientists who are residents of the Orinda community.

A COMMITTEE of interested citizens is working with Bob Campbell, Miramonte Science Department chairman, on the details for the seminar.

Members of the citizen group are Mr. and Mrs. R. W. Leland, Walter Haefle, M. W. Loveland, Mrs. E. G. Chilton, Mrs. H. P. Nilmeir and Mrs. C. B. Eaton.

Seminars are expected to begin in late October and continue weekly through the year.

About 20 to 30 high school students will be participating.

Has Your Group Dropped a Line Our Way Lately

Did you see a story about your favorite club or organization in this issue of The Sun?

If you didn't, could it be because we don't know what you're doing?

We sincerely hope this isn't the case, because we want to hear from all of you . . . your plans, projects, efforts and results. Oh yes, and the names of your officers, and when and where you meet, and what you have to say in your bulletins.

So, if you are publicity chairman of a local PTA, parents club, service club, social organization or auxiliary, will you please see that The Sun is on your mailing list?

You can send us any information at the following addresses: Orinda Sun, P.O. Box 147; Lafayette Sun, 1000 Oak Hill Road; Walnut Creek Sun, P.O. Box 1038; or Pleasant Hill Sun, P.O. Box 123.

We'd like to hear from you, and we'd like to be sure that your organization receives its proper place in The Sun.

So drop us a note, won't you?

King Wilkin Gets Director's Post

King Wilkin, vice president for marketing of the Crown Zellerbach Corporation who resides at 12 Los Arboles, has been elected to the firm's board of directors.

He is one of three members of Crown Zellerbach's senior management group who last week were named to the board. The others are executive vice president Peter T. Sinclair and G. E. Young, vice president for newsprint.

WILKIN AND Sinclair were also named to the executive committee, and Young was also elected a senior vice president of the corporation.

The local resident joined the company in 1936, served in various managerial positions with Zellerbach Paper Company and became president of the paper company in 1956. He was named to his present post last May.

Henry Moylan Enlists in Navy

Henry H. Waigh Moylan, son of Mrs. Doris Moylan, 25 El Gavilan, has enlisted in the U. S. Navy for a period of four years, and is taking his boot training at the U. S. Naval Training Center in San Diego.

Upon completion of his recruit training, Moylan will be given a 14-day leave, and then be assigned to a Navy trade school or to one of the various units of the fleet.

Smokey Bear Program Ends

The conclusion of the informal "Smokey Bear" Reading Club held during the summer at the Pleasant Hill library was announced this week by Mrs. Ida Shaw, librarian.

Among those participating, the one who read and reported on the most books was Cora Eugster, with a total of 67 books.

Cora is in the seventh grade at Pleasant Hill Intermediate. Joyann Shea, who is in the fifth grade at Pleasant Hill Elementary, read the second largest number of books, with 24.

In third place, Russell Smith, also a seventh grader at Pleasant Hill Intermediate, reported on 16 books. The complete list of those participating will be posted in the library during the month of September.

The display of California flags and emblems featured at the library this month deserves special attention from all persons interested in California history.

The 14 flags which have flown over California are illustrated in color on a series of large posters, with a brief note of explanation on each. The state's flower, bird, seal and other emblems are also included. For those who have been away recently, the Junior Musuem case offers a new exhibit of Indian and early American items.

High school students especially are invited to look for the book list entitled "Books of Interest to Young Adults," which will be available monthly at the library.

The Pleasant Hill Library is located next to the Recreation Center at 636 Pleasant Hill Road. It is open from 1 until 9 p.m. Monday through Friday, and from 10 a.m. to 5 p.m. on Saturday; closed Sundays and holidays. The next holiday closing is Columbus Day, Monday, October 12.

Marcia Montin Visits Cuba, Witnesses Trial

Marcia Montin, daughter of the J. R. T. Montins of Hillside Court, returned to her studies at Swarthmore College, Pennsylvania, this week after an unexpected trip to Cuba.

While attending the National Student Conference at the University of Illinois as workshop leader and hostess for Latin American students, Marcia was selected to join a group of students from all over the United States to fly to Cuba as a guest of the Cuban Student Association.

The group was flown from New York by Cubana Airlines to Havana where they were lodged at the Hilton and Capri Hotels. While in Havana they spent a great part of their time at the University of Havana, where, among other activities, they witnessed the trial of a University professor and were interviewed by the Secret Police and the Associated Press.

They also heard Fidel Castro speak, and were locked in at the time for "security reasons." Marcia writes that wherever they had an opportunity to talk with the Cuban people they were told that "we aren't Communists."

Award Goes To Chapman

Leonard W. Chapman of 50 San Luis Court, Walnut Creek, has won the $1000 Engineering News-Record aid-to-education award, it was announced by the American Public Works Association.

Chapman, who won against nationwide competition, will complete his studies for a master of science degree in municipal engineering at the University of California in 1960.

The award, endowed by the Engineering News-Record, a magazine of the construction industry, is administered by the APWA, a public service organization of governmental public works engineers and administrators.

It is awarded annually to an undergraduate senior or graduate student who wishes to prepare himself for a career in the field of public works.

Chapman, 27, was born in New York City and attended New York schools. He graduated cum laude from Williams College, Mass., with a bachelor of arts degree in 1953.

He moved to California in 1954 and served as electronic maintenance and operations officer in the U. S. Navy from 1954 - 1957.

He has been employed by the city of Hayward as a junior civil engineer.

Active in student organizations, Chapman is president of the U. C. Cooperative Engineers and vice president of Tau Beta Pi, a national honorary fraternity.

FOLK DRAMAS

Medieval Spanish folk dramas, brought to this country by Seventeenth Century colonists, are still performed at Christmas in the mountain villages of New Mexico, reports the National Automobile Club.

Oak Park PTA Meeting Held

The Oak Park PTA met September 16 in the multi-purpose room of the school with President Mrs. James Buckley presiding.

Reports were given by Mrs. J. J. Fredrickson, membership chairman, who also announced that memberships are now being taken to join the PTA; Mrs. A. J. Savio, motion picture chairman; Mrs. H. W. Liston, room representative, and Mrs. W. H. Wickman, PTA publications.

Mrs. John Penn, program chairman, introduced Principal Charles Laudie, who spoke on "What the school could reasonably expect of the home."

The teaching staff was then introduced to the parents by Laudie.

Heart Group Hears 4 Rules, Picks President

A positive guarantee against heart disease was offered to those who would live by four rules set forth by Dr. Meyer Friedman, speaker at the Contra Costa County Heart Association annual meeting Monday evening at the Gold Nugget Restaurant, Concord.

Dr. Friedman, director of the Harold Brunn Institute of Mt. Zion Hospital, San Francisco, listed the rules in a talk entitled, "For Whom Not Soon the Bell Will Toll."

1. Never eat any food that does not grow out of the ground, fly through the air or glide through the sea or river.
2. **NEVER SMOKE** a cigarette.
3. Exercise 40 to 60 minutes every day, with no exceptions.
4. Avoid seemingly conquerable frustration.

He said the four rules were a composite of what all authorities say regarding prevention of heart disease. Dr. Friedman did not exclude pipe smoking. He himself smokes a pipe.

FROM HIS own observation, he stated that he had never seen a person under 65 or 70 years of age with heart disease who had not transgressed two of these rules.

Dr. Friedman's recent research projects have been concerned with tests involving stress and cholesterol in the diet.

"The most important of the seemingly conquerable frustrations is time," he said. "A person who would avoid heart disease must not indulge in squeezing events into a frame of time. He must not be greedy for event participation, whether it be social, economic, recreational or professional."

"It is far easier to change the diet than the stress attitude," he continued.

TO THE businessman, he advised, "No business ever failed from doing a job too well too slowly; rather it fails from doing a job too poorly too fast."

Consultants Hired by Bay Transit

One of the nation's largest engineering, construction and business consulting firms has been chosen to make economic studies for the proposed San Francisco Bay Area Rapid Transit system.

Ebasco Services Incorporated was hired under a $50,000 contract approved by directors of the five-county Rapid Transit District.

THE FIRM, which has offices in New York, Washington, Dallas and Portland, Oregon, as well as in California, will conduct studies aimed at determining the economic impact of the proposed $700 million transit system.

Acording to John M. Peiree, general manager of the district, it "will analyze the economic consequences of having—or not having—a modern system of public transportation in this area."

The studies should be completed by next July, in time to be incorporated into the overall engineering plans for the system.

The Bay Area Rapid Transit District, comprised of San Francisco, Marin, Alameda, Contra Costa and San Mateo counties, is preparing to submit a bond issue for construction of the system to voters in November, 1960.

IF APPROVED, the system probably could be in operation by 1965 or 1966.

The district already has hired Parsons, Brinckerhoff, Hall and Macdonald, the Bechtel Corporation and Tudor Engineering Company to prepare final engineering plans. Later this year it will retain a financial consulting firm for preparation of the bond proposal.

Ebasco Services Inc., known internationally for its consulting activities, is a subsidiary of Electric Bond and Share Company. The 54-year-old firm has designed and built plants for pulp and paper, chemical, food processing, metal and electrical equipment companies, as well as other industries.

IN THE MANAGEMENT consulting field, it was engaged to prepare a traffic, operations and capital spending survey for the Suez Canal.

H. K. Breckenridge, its western regional manager here, said Ebasco has a nationwide staff of 2,000 experts and technicains.

Under terms of the contract with the Bay Area Rapid Transit District, it will guide the board of directors in formulating policy decisions for development of the system and assist in determining all of the factors involved in such a project.

Preliminary plans call for construction of a 123-mile transit system connecting communities surrounding San Francisco Bay.

SOME TYPE OF conventional supported or suspended rail system is envisioned by the planners, with comfortable 70-mile-an-hour trains moving commuters throughout the Bay Area on 90-second intervals at peak hours.

Also called for are a four-mile underwater tube and numerous underground passenger terminals in the downtown areas.

Keneth M. Hoover, chief engineer, said the system will be the most modern in the world, and will be designed to augment the area's freeway system.

Foreign Youths Arrive in Area

Recent arrivals of students from Germany, Spain and Indonesia have touched off fail activities for the Orinda chapter of the American Field Service.

After an eventful summer spent visiting in West Berlin, Dave Dail returned to his home at 18 Daryl Drive, just in time to join friends on the first day back to school.

Dave, a senior at Miramonte, has already been scheduled to speak before the members of the school's A.F.S. Club, to share some of his impressions of family life in that industrious community.

The foreign exchange students from Spain and central Java, whose stay here for the school year was sponsored by the local A.F.S. chapter, were honored at a luncheon meeting last week by the Orinda Rotary Club.

Enrique Lopez-Bruno, from Madrid, and "Widi" Saebani of Jogjakarta, Java, were delighted with the Rotarian's presentation to them of money for clothing, a movie camera and a generous allowance to cover film and developing.

The A.F.S. Orinda chapter received its first contribution for the 1959-60 fund drive from the Rotary members, also—a $100 check.

Huller Says 'Bye' When Run in Sun

Mrs. W. R. Lesnick of 1410 Lesnick Lane, Walnut Creek, sold a walnut huller "complete with powered sorting table and hull conveyor" for $400 with only one classified ad insertion in The Sun.

D. K. Hill of 24 Crest Avenue, sold heavy drapes, draw drapes, six pairs hanging drapes, poles, rings and brackets with one Sun ad.

One Sun ad, which automatically ran in the free-distribution Sun Shopping News and the Walnut Creek Sun, Lafayette Sun, Pleasant Hill Sun and Orinda Sun also did the job for:

J. Behr of 175 Canon Drive, Orinda, a Hoffman combination television; R. W. Mairs of 510 Masefield Drive, Pleasant Hill, two shotguns; I. H. Erickson of 1364 Rudgear Road, Walnut Creek, Chihuahua puppies; Mrs. W. M. Allcorn of 605 Huntleigh of Lafayette, boy's English bicycle.

These are only a very few of the hundreds of "success stories" which develop from each edition of the Sun's classified page.

You can be sure of success when you place a minimum rate $1.60 ad, allowing 14 words appearing in all five Sun papers.

Call us Tuesday morning at 10, each week. Then wait for the return calls to come in!

Survey Checks Day Camps of Local Groups

Mrs. Merry Kyle, chairman of the group work and recreation section of the Central Contra Costa Community Welfare Council said an extensive survey of day camps has been completed.

A full report will be available later to all interested groups, she said.

Earlier this summer a questionnaire was sent to every church and agency in the area which conducts a summer camp or day camp.

An excellent response made it possible to determine what camps are available, whether dates conflict, whether camps overlap in coverage of the area, and what are the costs to the community, she said.

Queries were also made concerning competency of personnel and training, adequacy of facilities, what activities are enjoyed at the camps, what groups of children are serviced, what plans have been made for next year, and how the word of the camp is publicized.

Will Be Honored

Mrs. T. E. Jeffries, 835 Sibert Court, is among the mothers of new pledges who will be honored by the Alpha Gamma Delta Mothers' Club at a tea at the Berkeley chapter house October 9.

Success Reported by DA, Social Welfare Agencies

John A. Nejedly, Contra Costa County district attorney, reports that the newly reorganized cooperative program with the social service department is already paying off.

Since May, 1959, monthly percentage increases in child support being paid by absent fathers totals 44.5 per cent; the highest monthly increase being in August, at 18.5 per cent over August of the previous year.

The new program is a result of the efforts of W. G. Golden, director of social service department, and Nejedly, to cope with the ever-increasing aid to needy children problem.

THE DISTRICT attorney has placed two deputies in the offices of the welfare department at Martinez and Richmond.

The deputies work with the enlarged special investigation unit of the social service department in locating absent parents, obtaining support from these parents, and protecting against fraud by recipients of aid.

The program has been increasingly effective, however this effectiveness is now plagued by an increasing number of cases.

In August the two deputies handled 256 new cases, an increase of 110 over the previous year in August. In addition, the deputies interviewed 146 absent fathers. All of these efforts are in addition to the other welfare work accomplished by the deputies, particularly the responsible relative program.

NEJEDLY AND Golden have expressed enthusiasm for the manner in which the new set-up has improved relationships between their departments, and the work of both departments on the aid to needy children program. Nejedly points out that the two departments, with the aid of the probation office, are attempting a coordinated control of the major social problem created when a father deserts his children.

He adds "There is no simple solution or panacea for this nation wide social upheaval. It will take the continued best coordinated efforts of the departments involved and the deputies to effectively control this problem.

"I anticipate that we may have to add one or two more deputies in the near future so that the improvements which have been made do not get lost in the deluge of new cases," he concluded.

Modern freeways are designed to carry 1,500 vehicles per lane per hour.

Calling All Hostesses!

Mrs. Joseph Bronson, co-chairman of entertainment for the Greater Mt. Diablo Chapter, American Red Cross, is seeking hostesses, to be dancing partners for the patients at Oak Knoll Hospital.

To be eligible, girls of 18 years and over must receive two periods of orientation, one at the Red Cross Chapter House, Walnut Creek, and the other at Oak Knoll Hospital.

The dances are held on Tuesday evenings from 7 to 9 p.m.

Transportation is provided and the girls are accompanied by a Red Cross volunteer. Girls wishing to act as hostesses may contact Mrs. Bronson.

Health Analyst Job Is Open

Contra Costa County civil service commission announced it is recruiting persons with college degrees, including some undergraduate statistical courses, and one year of statistical experience to fill a public health analyst vacancy in the county health department.

The commission emphasized that although the job is located in the health department, it did not necessarily require a public health statistical background on the part of interested candidates.

The commission announced it is recruiting for a number of appraiser I vacancies in the county assessor's office.

The salary range for appraiser I position is $395-$481.

Candidates who are interested in applying for these positions must have a degree from an accredited college or university.

Youth Concerts Board Announces Schedule

The board of directors of the Central Contra Costa Youth Concerts is happy to announce the complete concert series program for the 1960 season.

First of all, the San Francisco Symphony Orchestra will present its program January 17. On February 7, Alec Templeton, the famous pianist, satirist and composer will play to the Central Contra Costa Youth Concert audience.

COMING ON MARCH 6 are the Laubins, who are students of Indian cultures and present a beautiful program as a result of their study.

Returning by popular demand will be the Roger Wagner Chorale, who will sing for the concert-goers on April 3.

The program is a varied one and an execellent one for families to attend. The Central Contra Costa Youth Concerts are designed with families in mind. The price of the season ticket is only $3.50 for adult or child.

THE PROGRAMS are held on a Sunday at 2:30 p.m. at Las Lomas High School Auditorium, Walnut Creek and are one hour in length.

This year the tickets are being sold through mail order. Letters will be mailed to previous subscribers on September 26. Anyone wishing to be on the mailing list may write to Central Contra Costa Youth Concerts, P. O. Box 83, Walnut Creek, California.

The sale of tickets will then be open to everyone after that week. Requests for tickets will be filled in order of postmark.

For House, Yard Students' Work

The jet age is like a "slow boat to China" compared to the speed with which persons in the Lafayette-Orinda area can get help for house and garden work through the placement bureau at St. Mary's College, according to Brother Bede Edward, F.S.C.

He explained that St. Mary's students are available for most any kind of work, including babysitting, gardening and tutoring.
